# BETTER THAN BOTOX: Takes Years Off Your Face in Minutes

Women are raving about the life-changing effects of this powerful formula.

There's no denying that people — mostly women — are on a mission to discover the best way to eliminate fine lines and wrinkles permanently. The \$14 billion dollars spent on aesthetic procedures in 2021 alone is a clear indication of that fact.

But now science appears to be offering a simpler solution. It's a special delivery technology adapted for skincare that gets superior results.

Known as advanced liposome technology, this powerful distribution system ensures that vital nutrients are delivered exactly where your skin needs them the most, providing your skin with maximum anti-aging benefits.

## New Age-Defying 'Dermal Filler' Cream in High Demand

Al Sears, MD, of Palm Beach, Florida, recently released an anti-aging cream that adapts this breakthrough medical technology into the realm of skincare, and he's struggling to keep up with consumer demand.

Dr. Sears is South Florida's leading anti-aging pioneer. He has authored over 500 reports, scientific papers, and books on anti-aging. A frequent lecturer at global anti-aging conferences, Dr. Sears spoke at the WPBF 25 Health & Wellness Festival featuring Dr. Oz, along with special guest, Suzanne Somers. Thousands of people were in attendance as Dr. Sears discussed his latest anti-aging breakthroughs.

This powerful cream, known as **Restore**, keeps selling out faster than it's produced — and people are raving about the effect it's having on their skin.

"Within a few minutes of applying the cream, it visibly plumps out the under-eye area and my cheeks as well as those annoying lines that deepen as we age between the nose and lips. It also felt like it was tightening and smoothing my skin at the same time. I definitely feel I look younger whenever I

use it," said Amy B., of Montville, New Jersey.

"The lines around my mouth and eyes are filled in and my skin is tightened. I love having younger-looking skin, so I will continue using **Restore**" raves Cathy C., of Florida.

The best part is that this cream has no adverse side effects, doesn't require a doctor's visit or prescription, and is 100% natural.

**"Advanced liposome technology ensures that vital nutrients are delivered exactly where your skin needs them the most."**

## Powerful Delivery System Ensures Nutrients Penetrate Deep into Your Skin

The dermis is the underlying layer of skin that supplies nourishment and oxygen, and removes waste. In other words, it's responsible for keeping your outer layer of skin healthy. Liposome technology is designed to support and nourish this deeper layer of skin by delivering nutrients directly to it.

"All of **Restore's** powerful ingredients are encapsulated in a liposome shell — an organic container that carries the beautifying agents deep into the skin cells," explained Dr. Sears.

"**Restore's** liposome shell is composed of phosphatidylcholine or PC for short. While cell membranes repel water, they absorb PC because they're actually made of it. As a result, **Restore** is delivered deep into the cell for maximum firming and volume."

When you apply liposome cream to your face, the liposomes in the skin cream work their way inside your skin, fuse with the skin cell mem-

branes and then release their contents directly to the cells. Regular skin creams don't have this capability.

## A Formula Designed to Take Years off Your Face in Minutes

Once it's penetrated the deeper layer of skin, **Restore** releases a unique blend of botanicals, vitamins and essential oils that reduces the appearance of fine lines and wrinkles, gives skin a more even tone, and moisturizes the interior layers of your dermal cells, firming and plumping your skin.

**Restore's** first skin-enhancing agent is Madonna lily leaf stem cell extract. It helps produce an even-toned complexion. In a clinical study reported in the *Journal of Cosmetic Dermatology*, participants treated with this extract for 28 days showed improvements in skin luminance and tone around the eyes.

**Restore** is also loaded with vitamin C, which British researchers have found reduces both wrinkles and dryness. "In **Restore** we use magnesium ascorbyl phosphate, a more stable form of vitamin C that doesn't break down in liquid as does ordinary C," explains Dr. Sears. "That means the antioxidant molecules stay intact within your skin cells where they can prevent damage from dangerous free radicals."

This powerful formula also features guarana seed extract, coenzyme Q10, and avocado oil. Japanese researchers have

also found that coenzyme Q10 supports production of the thin membrane that separates layers of your skin, and French studies have shown that avocado oil improves skin cell metabolism and enhances skin thickness.

## Where To Get Restore

Right now the only way to get this powerful age-defying delivery technology is through Dr. Sears.

To get life-changing results like Amy and Cathy, buyers should contact the Sears Health Hotline at **1-800-679-0827**. "We simply don't have enough supply to get **Restore** shipped directly to stores," said Dr. Sears. "The hotline allows us to ship the product directly to the customer — the one who really wants it."

Dr. Sears feels so strongly about this product, that he offers a 100% money-back guarantee on every order. "Just send back the bottle and any unused product within 90 days, and I'll send you your money back," said Dr. Sears.

The hotline will be taking orders for the next 48 hours. After that, the phone number may be shut down to allow them to restock. Call **1-800-679-0827** to secure your limited supply of **Restore**. If you are not able to get through due to extremely high call volume, please try again! Call NOW to qualify for this limited time offer provided at a significant discount. To take advantage of this exclusive offer use Promo Code: **RESTTW06** when you call in.

# THE CONNERS

Sara Gilbert On All Things Halloween.  
By Paul Doro

The Conners have a long history of going all out for Halloween. Even in 2020, when the pandemic caused a major disruption in the festivities, the Conners adjusted in a memorable episode that featured their house all decked out and the kids trick-or-treating in it. Expect another fun celebration of all things spooky during this year's Halloween episode (Wednesday on ABC).

Sara Gilbert has played Darlene since *Roseanne's* original start in 1988. The sarcastic, artistic and tomboyish teenager has evolved into a writer and domineering mother of two on *The Conners*. Her love life has always been rather tumultuous, but it looks like she has settled down. Darlene is busy trying to make her new home with spouse Ben (Jay R. Ferguson) work, but you can bet she'll be enthusiastic about the big day.

Gilbert herself happens to be a big fan of Halloween. She shared some thoughts about the day and how the Conners celebrate it.

**Halloween is always a favorite holiday for the Conners. Can you share a little on what to expect this year?** The Conner family gets overwhelmed and our Halloween tradition is at risk!  
**We imagine filming these seasonal episodes**

**is incredibly fun. Please tell us what you enjoy about the Halloween episodes in particular.** I like the Halloween episodes because the family deals with a lot of struggles, and Halloween is a time when they all come together to just have fun. It is their big family holiday, which I think is relatable for people. Every family tends to have their one that is most special to them.

**Who would you say gets into the Halloween episodes the most among the cast?** I would say the kids always like it best, just like in real life. It's really nice to get to see them enjoy making it.  
**Growing up, what was one of your more memorable Halloween costumes?** I went as Billy Idol for one year. That sticks out to me because it was fun to feel like a rock star for a night.

**Top three trick-or-treat candies for you?** Anything with peanut butter and chocolate, and then I'm the mom that is happy when they hand out toothpaste and toothbrushes. I know ... buzzkill.  
**Today, do you answer the door for trick-or-treaters, and what's that like if someone recognizes you?** Halloween is a big deal for us, so there are a lot of decorations and masks here, so I am naturally in disguise.

## Guillermo Del Toro Introduces "Cabinet Of Curiosities"

We're getting *Masters of Horror* vibes from this new anthology of terrifying tales, and that's a good thing. *Cabinet of Curiosities* on Netflix adapts a number of scary stories, each helmed by a different director.

This series gets a powerful creative edge from the involvement of filmmaker Guillermo del Toro, noted for his visually poetic work on dark fantasy films like *Pan's Labyrinth*, *The Shape of Water* and

*Nightmare Alley*. Del Toro created and executive produces the show, which will air two new episodes daily Tuesday through Friday this week. While del Toro is not directing any of the stories, he is introducing each episode and has personally curated the tales, which are described as being "both equally sophisticated and horrific." He also handpicked the writers and directors, relatively newer filmmakers whose names may not be as familiar to average viewers, but they all have established and terrific genre work on their resumé.

Adaptations in the eight-episode anthology range from classics by H.P. Lovecraft ("Pickman's Model" and "Dreams in the Witch House") and Henry Kuttner ("Graveyard Rats"), who published their stories nearly a century ago in pulp magazines like *Weird Tales*, to works from modern masters such as print/webcomics author/illustrator Emily Carroll ("The Outside") and del Toro himself, who conceived two original stories ("The Murmuring" and "Lot 36"). — Jeff Pfeiffer

## 5 QUESTIONS with ...

# MATT WRIGHT

Of Netflix's "Wild Croc Territory"  
By Barb Oates

Fans of Steve Irwin will see some of that similar spunk and animal allure (along with the accent) in Australian wildlife relocater Matt Wright, whose new show *Wild Croc Territory* is available on Netflix. The charming adventurer has been surrounded by animals his whole life. "I was a bit of a black sheep as a kid; I preferred animals to people," Wright shares. Here he answers our "5 Questions."

- How did you get into being a wildlife relocater (chopper pilot and adventure tourism operator too)?** I was snake mad as a kid. I used to tail brown snakes, which are one of the deadliest animals in the world, and put them into a bucket to proudly show my mum. I had a connection and love of reptiles for a long time. Then I moved to northern part of Australia when I was about 18, which meant my passion shifted from snakes to crocs, and I got my helicopter license. Because a lot of the wildlife relocation work in the northern part of Australia is in remote areas, I was able to pick up a lot of work in this field.
- I'm sure every day is different for you, but could you describe a day in your life?** Every day is different because I split my time between my tourism bases and our home. If I wake up on the Tiwi Islands, the morning starts with a coffee and buggy ride to the water pump that sits 3 km down the beach, to check on the supply. ... If I'm at Top End Safari Camp, the morning always starts with an early airboat ride on the picturesque flood plains of the Finnis River to see how the wild crocs are doing, and to make sure they're all healthy and happy. Then at home we have a 16-foot pet croc and some snakes, so I'll chuck some food in for them in the mornings that I'm home. There's always a lot going on every day, but I'm lucky that my 3-year-old son Banjo and wife Kaia can come along with me most of the time and share in the adventure with the animals, choppers, airboats, fishing and exploring.
- Share an example of something that has gone badly for you.** In one of the episodes, we caught a 15-foot croc and tied it to the back of a tiny boat to relocate it across the water with lots of other crocs. During this voyage, the engine on the boat cut out with the croc moving around, almost tipping us all overboard. It was very nerve-wracking.
- What's the largest gator you've wrangled to date?** 18.3 foot. I would say that's about the third biggest crocodile ever caught in the world. He was a big fella.
- What's a favorite moment you shot this season that you are excited for viewers to see?** Well for comedy value, definitely the episode when a 12-foot python gets stuck in Banjo's bedroom and my wife Kaia has to wrangle it and get it out of the house. She loses her marbles a little bit, but gets the job done!

The wait is over for Dwayne "The Rock" Johnson fans, as **NBC** will premiere season three of **Young Rock** on Friday, November 4 at 8:30 PM ET/PT, with the entire cast returning. Included are Constant, Adrian Groulx and Uli Latukefu playing the younger versions of "The Rock," along with Joseph Lee Anderson as Rocky, Stacy Leilua as Ata and Lia Maivia as Ana. An interesting dynamic of this series is Johnson doing the narration from a point in the future, looking back at the various defining moments of his life, all the way to iconic movie star. Season two ended with his *WrestleMania* debut. When season three kicks off, you'll be able to stream new episodes on Peacock the day after they air on NBC.

**HBO** will debut its sports documentary, **Say Hey, Willie Mays!**, on Tuesday, November 8 at 9 PM ET/PT and available to stream on **HBO Max**. This documentary follows Mays' life both on and off the field over five decades as he navigated the American sports landscape, all while helping to define what it means to be one of America's first Black sports superstars. He played in a record-tying 24 All-Star Games in his 22 years with the Giants (1951-1972) and the Mets (1972-1973). Mays finished his career with a .302 batting average, 660 home runs, 338 stolen bases, a .384 on-base percentage and a .557 slugging percentage. The Alabama native was inducted into the National Baseball Hall of Fame in 1979 with 94.7% of all votes. The film features new interviews with Mays, his godson Barry Bonds, and son Michael Mays. Additional interviews include Hall of Famers Reggie Jackson, Orlando Cepeda and Juan Marichal, alongside the baseball broadcasters Vin Scully, Jon Miller and Bob Costas, and Mays' biographer John Shea.

**History Channel** will premiere season ten of **The Curse of Oak Island** on Tuesday, November 15 at 9 PM ET/PT. Brothers Rick and Marty Lagina, along with their team, return to make the most strategic effort ever attempted to solve the 227-year-old Oak Island mystery. A treasure trove of new clues may soon be in reach as the team acquires new territory on the island, uses new technology and testing strategies, yields stunning new connections between the Oak Island mystery and previously unveiled historical theories and more. This season could be the most historic, exciting and prosperous season yet.

## SPORTS ZONE By George Dickie

### By air and by land, Jackson dominating for Ravens

Admittedly it's a small sample size, but early indications are that Lamar Jackson may be having a year even better than his MVP season of 2019.

Indeed, the Baltimore Ravens quarterback is once again showing opposing defenses no mercy. Through the season's first three games, the fifth year signal caller is leading the NFL in passer rating with 119, connecting on 56 of 88 passes (a 63.6 completion percentage) for 749 yards and a league-leading 10 touchdowns against only two interceptions.

And as a runner, he's arguably been even better, tied for fifth in the league in rushing yards with 243 on only 26 carries for an astounding 9.3 yards per carry. He also has two touchdowns on the ground, giving him 12 total. All-Pro stats, indeed.

But beyond the numbers, he's made improvements to his game that don't appear on paper. He's gotten better at making on-the-fly adjustments when opposing teams blitz and he's shown an ability to dominate when

throwing from the pocket, two supposed weaknesses.

So good has his performance been this season that it's drawn early comparisons to his MVP campaign of 2019, when he threw for 3,127 yards and league-leading 36 touchdowns and ran for another 1,206 (the all-time record for a QB) and 7.

Of course, that season ended in the Ravens' first round exit from the postseason, something they hope to improve upon in 2022.

Jackson and the Ravens can be seen in action on the road against the Tampa Bay Buccaneers on Thursday, Oct. 27, in a game streaming on Prime Video.

**FULL NAME:** Lamar Demeatrice Jackson Jr.

## CHEERS & JEERS

by Damian Holbrook  
TV Guide Magazine

[@damianholbrook](https://twitter.com/damianholbrook)

### CHEERS TO REBOOT

for getting the joke. Not only does Hulu's parody about the revival of a faux early-2000s sitcom boast a holy trinity of hilarity—Rachel Bloom, Judy Greer and Keegan-Michael Key (below, with Greer)—but it also makes a ton of fun of so many shows we've seen come back against our wishes.

### JEERS TO THE REAL LOVE BOAT

for sinking under its own sails, er, sales pitch. CBS's high-seas-set dating series is supposed to be about singles looking for love, but all we see is a long promo for the Princess Cruises line. Captain Stubing would not approve.

### CHEERS TO La BREA

for keeping the chaos alive. More sinkholes + more prehistoric beasts = even more fun for Season 2 of NBC's drama.

### JEERS TO ALASKA DAILY

for fake news. Sorry but the glossy, high-tech and wildly over-staffed newsroom that Hilary Swank's disgraced journalist character was fired from in the pilot of ABC's new thriller was as laughable as the idea of a writer approving their own edits.

### Can Sally Spectra Find The Mentor She Desperately Wants In Victoria Newman On “The Young And The Restless”?

Sally Spectra (Courtney Hope) thought she had problems living in Los Angeles with the Forrester and the Spencer clans on *The Bold and the Beautiful*! Now, she's embroiled in Newman family drama on *The Young and the Restless*. She's dating the more grounded Nick Newman (Joshua Morrow) after being dumped by his half brother

Adam Newman (Mark Grossman). To make things even more of a family affair, Sally's working for Victoria Newman (Amelia Heinle), who — sorry, Adam — is probably most like Newman patriarch Victor (Eric Braeden) than anyone else is!

Can Sally find a way to have both a business and a personal life? “I think Sally fares pretty well in trying to find the balance between the two,” Hope tells *TV Weekly*. “But, obviously, there's an element of always having to look over her shoulder when it comes to work and her personal life. No matter how Sally tries to keep them separate, they're always intertwined. They're all in the same ballpark.”

And while Sally once wanted Adam to think the world of her, and now she's dating Nick, she's also looking, from a business perspective, to get into Victoria's good graces. “Sally looks up to Victoria in many ways and wants to do her best [for her],” Hope points out. Sally definitely admires Victoria for having persevered through her recent ordeal with her late husband Ashland Locke (Robert Newman), a man who failed to be honest with her and became abusive. “Sally's blown away that Victoria can keep going after that.”

Wanting to succeed within the company is more than just needing and wanting a job as far as Sally is concerned. “She doesn't have many women fighting for her [right now],” notes Hope. “That's what she's striving for — a big sisterly or motherly figure,” she adds, pointing out that Victoria falls more into the big sister category.

“Sally wants some respectable powerhouse of a woman to say to her, ‘You're just like me,’” Hope says. “That's something Sally has always yearned for.” One person Sally knows never to expect that from is Phyllis Summers (Michelle Stafford), Nick's ex-wife. What might occur should Phyllis find out that her former husband is involved with Sally — the woman who orchestrated Nick and Phyllis' daughter Summer Newman-Abbott (Allison Lanier) into her dream job over in Italy, taking her away from her family?

“I definitely think that the claws would come out,” Hope says. The actress isn't sure what Phyllis' reaction would be specifically, but she speculates that Phyllis might say, “Nick, what the hell are you doing?” Hope acknowledges that Phyllis and Sally have a rivalry and there's no love lost between the two, but Phyllis might respond comically to the situation. “I can see her having fun with it,” Hope says.

# JOIN THE MOVEMENT TO ACCELERATE CANCER RESEARCH

Right now, most clinical information is not regularly shared with the researchers who are trying to uncover new information about cancer every day, **but you can help change that.** Patients can help accelerate research **by sharing their data and unique experiences.**

When patients stand together with researchers, they can unlock new discoveries and treatments. People with all types of cancer may be eligible to **join Stand Up To Cancer, Count Me In and more than 7,500 patients who have already participated in this mission** to accelerate the pace of cancer research.

**Find out more and sign up  
to join the movement at

Grey's Anatomy

It's Halloween night at Grey Sloan Memorial and the goblins are lurking around every corner. Meredith (Ellen Pompeo) and Nick (Scott Speedman) try to spend some alone time together surrounded by chaos; Levi (Jake Borelli) is stressed due to overworking, and Winston (Anthony Hill) and Owen (Kevin McKidd) have the interns practice trauma training on a real cadaver.

Walker Independence
8 pm on CW

Abby (Kat McNamara) and Hoyt (Matt Barr) agree to run a seemingly mundane errand for Tom Davidson (Greg Hovanessian) that ends up exposing just how far the Davidson influence goes. Then, Kate (Katie Findlay) uses the annual Founders Day festivities to disrupt the town's balance of power while Kai (Lawrence Kao) gets an unexpected visitor from his past.

So Help Me Todd

# HOROSCOPES

By YASMIN BOLAND

Craig Robinson, a Scorpio (born Oct. 25), of "American Dad!"

**ARIES** (March 21 - April 19)  
Facing your fears is one of the best (though rarely the easiest) ways to solve problems that life brings. Another is to improve your ability to effectively communicate. Rather than bringing more factors into play, what can you eliminate? Less is more when it comes to arriving at solutions now.

**TAURUS** (April 20 - May 20)  
No one likes to hear that the relationship weather forecast looks dark and stormy. What we do forget though, is that after the storm, and the sun peeks through the clouds, everything feels fresh, cleansed and energized. Don't hold back from the storms if you want sunny days ahead.

**GEMINI** (May 21 - June 20)  
If you've been slack in attending to your daily health and wellness rituals, then it's time to turn that ship around! Real changes can be made, but you need to see it as a marathon and not a sprint. Bad habits and a bad diet are no friend to you now.

**CANCER** (June 21 - July 22)  
It's perfectly fine to not like or even want something you once did. Reversing the right to change your mind is totally OK. Right now, you're changing your mind about a lot of things and it's taxing your energy. Spend a little time alone to figure out what's most important.

**LEO** (July 23 - Aug. 22)  
They say that home is where the heart is, and this week, home might be where you need to be. Whether it's to recharge your batteries or sort out family dynamics, a fresh start is possible, as is real healing. Friends may need to take a back seat this week.

**VIRGO** (Aug. 23 - Sept. 22)  
It's time to take stock and recalibrate your career and big life plans. Even if you're hot to trot in terms of striking out in a new direction, things may not go quite as

smoothly as you anticipate. Things could actually turn out better if you trust a little more.

**LIBRA** (Sept. 23 - Oct. 22)  
Are you in the financial position you thought you'd be in at this age and stage of life? Either way, a cosmic update arrives this week. A big part of this is about having more confidence in yourself. Your net worth and self-worth are inter-linked for a reason.

**SCORPIO** (Oct. 23 - Nov. 21)  
If there ever was a time to be like a snake and shed your skin, this would be the week! Sure, it may feel a little scary to reveal a new part of yourself, but if you don't, how would you know what you're capable of? Don't let fear take charge now.

**SAGITTARIUS** (Nov. 22 - Dec. 21)  
You're dealing with a lot right now, but much of it may not be seen or easy to explain. Emotions and relationships could be taking a toll on your energy. If that's the case, be less available to others. Recharging your batteries isn't just a nice idea, it's essential.

**CAPRICORN** (Dec. 22 - Jan. 19)  
Not all who smile at you are your friend. And, this week, you may realize who this applies to. As you get more in touch with your own personal values, you may not enjoy spending as much time with those you once did. Keep your distance from those who drain you.

**AQUARIUS** (Jan. 20 - Feb. 18)  
You've been working so hard these past couple of years and it could all lead up to this week. You could reach the pinnacle you always wanted. Or, you may realize it wasn't quite worth the effort. This week could either be climatic or anticlimactic, career wise.

**PISCES** (Feb. 19 - March 20)  
Yearning for something more is a part of being human, whatever that more may actually be. Maybe it's taking more vacations. Perhaps it's knowledge or wisdom or a spiritual path. This week, lean into what your soul longs for. This week could change your life by following your heart.

**2022 World Series**  
7 pm on FOX

After a 162-game regular season and three rounds of play-offs, two teams are left standing as the champions of the American and National Leagues square off tonight with Game 1 of the 2022 World Series. The winner of this best-of-seven series takes home the Commissioner's Trophy as the MLB champs. Last year, that honor went to the Atlanta Braves.

**The Real Housewives: Ultimate Girls Trip**

What happens in New England spills out into much of the surrounding Mid-Atlantic states and beyond. Things get out of hand after spending the day shopping in town and Dorinda ends up refereeing the girls in some field day games. Then, Vicki's medical woes continue and Dorinda and Brandi go head-to-head in a lasagna bake-off.

**A Cozy Christmas Inn**

Real estate exec, Erika (Jodi Sweetin) travels to Alaska during Christmastime to acquire a bed and breakfast and add it to her portfolio, only to discover that it's owned by her ex, Andy (David O'Donnell). While there, she finds herself falling in love with the town, the scenery and quite possibly her ex in this 2022 holiday romance.

**My Nightmare Office Affair**

# ASK MATT

## ISN'T WALKING DEAD PAST ITS PRIME?

@TVGMattRoush

**Question:** Why are they still making new *Walking Dead* shows? *TWD* and *Fear* could have had great legacies if they'd stopped when they should have. —Mark

**Matt Roush:** While there's still a solid (though far from its peak) fan base for this once-upon-a-time riveting horror franchise, I tend to agree that *The Walking Dead* is a classic example of a network milking a successful premise to death. Is anyone excited about Maggie heading to New York for a spinoff alongside Negan, the former villain who once bashed in her beloved Glenn's head? (Watching Negan go from ultra-villain to anti-hero was one of the factors most responsible for keeping me from being a cheerleader anymore.) I'd be curious if the miraculous return of Madison to the ever-evolving *Fear* will bring former fans back into that fold, but I bowed out even before the nuclear-winter season. I will admit to being more of a champion of this summer's *Tales* anthology. I never expected it to intersect with the ongoing shows — which means the impressive Alpha backstory was a surprise for me, not unwelcome — and I generally liked how the episodes found different tones and approaches to spin stories within the zombie apocalypse, *Twilight Zone*-style. (The Anthony Edwards episode about the scientist dispassionately studying the "homo mortis" species remains my favorite.)
