DAN ABRAMS IS BACK ON THE BEA Cameras Go On Patrol Live With Police Across The Nation. By Barb Oates

Dan Abrams wears a lot of hats these days as a bestselling author, host, legal analyst, CEO and producer. His latest initiative finds him returning to familiar ground as executive producer and host of On Patrol: Live, premiering this Friday on Reelz, and airing live Friday and Saturday nights. Abrams will join Sgt. Sean "Sticks" Larkin, a retired Tulsa Police Department officer, and Deputy Sheriff Curtis Wilson, division commander with the Richland County Sheriff's Department in Columbia, South Carolina, on set to provide minute-by-minute analysis and context of what's happening live on the streets across our country. Abrams hopes the series provides viewers with direct access to the work officers do. Here he answers some of our questions.

Can you explain the format of the series? How many cameras in the field, etc.?

Dan Abrams: Through the technology that our producers created, we're able to be in the studio while viewing live images of the show's 30-plus cameras as they follow different law enforcement departments doing their work on Friday and Saturday nights, from 9pm to 12amET, which is when the show airs. We will also include some

pre-taped segments in the show from time to time. For the live nights, as cameras follow and document police activity, we're able to cut from one department to another in real time, giving the audience access to the work officers are doing as it's happening. Sean "Sticks" Larkin and Curtis Wilson, both experienced law enforcement officers, are in-studio with me commenting on and analyzing what we're observing in real time so the audience has context to better understand and appreciate what they/we are seeing.

How are you determining what departments across America you are covering?

Diversity is key in the types of departments we follow. Producers reach out across the country – from East to West Coasts, the South to the Midwest, rural, urban and suburban America – seeking departments that reflect the country's diverse character. That also can mean, for example, some sheriff's departments, some city police and state troopers. Different departments have different specialties and roles, and viewers will get to see all of it with our *On Patrol: Live* crews in the field.

A COMMITMENT TO WIN A Seven-Part Docuseries That Follows Derek Jeter's Career. By Robert Edelstein

Search "Derek Jeter" on YouTube and you invariably land on a clip of "The Dive," the longtime New York Yankee shortstop's spectacular play during a July 2004 home game vs. rival Boston Red Sox. After Jeter caught a foul ball on the run, momentum carried him until he freight-trained facefirst into the stands. A moment later, he stood, dazed, gripped by fans, blood flowing from his cheek and chin, in an instant that crystallized his

gutsy commitment to winning, to baseball and to the team he led to five World Series titles in 20 seasons from 1995 to 2014. "Nobody played harder, and nobody wanted to win more," says Michael Tollin, an executive producer of *The Captain*, a stirring, triumphant seven-part docuseries that looks at Jeter's stellar Hall of Fame career. The show, beginning Monday on ESPN, follows the unlikely rise of a remarkably determined, scrawny kid from a biracial family in Kalamazoo, Michigan, who fulfilled the only dream he ever had: to play for the Yanks. Jeter sat for some 30 hours over more than a year, looking back at victories and travails with his signature pragmatism. There's no question that the man ceremonially named team captain in 2003 remains among the most storied leaders-by-example baseball has ever seen. "If you were gonna be on the Yankees, you had to come up to that level," Tollin says. "He wasn't a rah-rah guy. He just did it. And everybody wanted to get on that train."

5 QUESTIONS with ...

VANESSA ILLI

ELA Of Netflix's "Selling Sunset" By Jeff Pfeiffer

"I've been an actress since I was 4, until three years ago; then, you know, I became a Realtor," says Vanessa Villela, a onetime star on numerous telenovelas who is

now famous in another way as one of the cast members of Netflix's reality series hit Selling Sunset.

The series, which follows women Realtors at an agency that competes in the cutthroat world of selling high-end real estate in Los Angeles, recently completed its fifth season (Seasons 1-5 can currently be streamed). It has been renewed for two more, with production on Season 6 expected to start later this summer.

Villela joined the show in its fourth season and lately has also become an entrepeneur; she recently launched a bikini line for the Lascivious activewear company, and has created a line of jewelry that will come out soon featuring the butterflies for which she has become known for wearing on Selling Sunset. "For me," she says, "butterflies represent hope, faith, strength, love, friendship [and] sisterhood. ... They can just become such a beautiful, powerful, magical thing. ... Honestly, it really makes me happy, and it's different from what I've done my whole life. ... It's really exciting."

Villela was also excited to answer our "5 Questions."

- Are there any shows you've been watching lately? [Ozark is] incredible. ... And then Drive to Survive; I mean, I love Formula One. I liked it before, but when I started also seeing the mindset of the team, the drivers and everyone, how they work as a team and how they can go, it's a perfect example of how you can sometimes go down and then come up, and I really enjoy it.
- What three things do you need to have in your fridge or pantry? In my fridge, oat milk. Fruits and coffee in my pantry.
- Substantiation watch over and over? Meet Joe Black. It always makes me cry.
- 4. Have you ever been starstruck? I've met several actors and actresses, but I think the one who surprised me the most was Bradley Cooper. He was the humblest person I've ever seen; very humble even though he's very successful, which is how we should all be.

5. What advice do you have for people who aspire to be an entrepreneur like yourself? If there's a dream in your heart, definitely there is a possibility that you can make it a reality. You just have to work hard [and] follow your heart and your dreams. What makes you happy is normally what's going to make you successful. ... Keep believing in yourself and keep creating opportunities, and whatever your dream is - it's possible.

SECRETS OF A BILLIONAIRE REVEALED

"Price is what you pay; value is what you get. Whether we're talking about socks or stocks, I like buying quality merchandise when it is marked down."

- wisdom from the most successful investor of all time

We're going to let you in on a secret. Billionaires have billions because they know value is not increased by an inflated price. They avoid big name markups, and aren't swayed by flashy advertising. When you look on their wrist you'll find a classic timepiece, not a cry for attention- because they know true value comes from keeping more money in their pocket.

We agree with this thinking wholeheartedly. And, so do our two-and-a-half million clients. It's time you got in on the secret too. The Jet-Setter Chronograph can go up against the best chronographs in the market, deliver more accuracy and style than the "luxury" brands, and all for far, far less. \$1,150 is what the Jet-Setter Chronograph would cost you with nothing more than a different name on the face. 2022 Home Run Derby

7 pm on ESPN, ESPN2

An event that has become a fan favorite returns for its 38th edition as teams of four sluggers each from the American and

National Leagues take aim at the fences of Dodger Stadium in the 2022 Home Run Derby. Pete

Alonso of the New York Mets put on a show last year in defending his 2020 title. Barring injury, he'll be back to make it a hat trick.

Shark Attack Files 7 pm on NATGEO Season Premiere

In Season 2 of this new docuseries, scientists employ cutting-edge technology to investigate new theories that may help them understand shark attacks and, with luck, reduce their likelihood. Topics include what attracts sharks to shipwrecks and the question of whether pregnant sharks are more likely to kill. Another episode follows.

The Captain 9 pm on ESPN Series Premiere

This new docuseries from Randy Wilkins presents an extraordinary portrait of Derek Jeter, arguably the most popular and admired figure in baseball. During his career, he was the face of the New York Yankees and a fivetime World Series champion. Anchored by exclusive interviews, this series illuminates the story of Jeter's life and career.

Phrogging: Hider in My House 9:03 pm on LIFETIME Series Premiere

This new true-crime docuseries explores the surpassingly creepy new phenomenon known as phrogging, in which one or more strangers take secret occupancy in someone else's house. In the series premiere, *Bump in the Night*, Brittany Campbell assumes her husband is to blame when things start to go missing.

Fan Favorite Bear Grylls returns to National Geographic for a new season of Running Wild with Bear Grylls: The Challenge on Monday, July 25 at 9 PM ET/PT. This season will also stream on **Disney+** starting August 10. Bear takes the daring adventures up a level by teaching celebrity guests essential survival skills that they will have to master and then prove they can use in a high-stress situation. On the season premiere, Bear takes Academy Award® winner Natalie Portman into

the slot canyons of Southern Utah. Their adventure begins when Bear leaps from his helicopter onto Natalie's 4x4. They trek into the Escalante Desert, where Bear teaches Natalie piton placements, rope system transfers and fire starting while descending various canyons. Natalie uses her new skills as they ascend a mountain and attempt to light a signal fire for extraction. Other stars during this season include Simu Liu, Ashton Kutcher, Florence Pugh, Anthony Anderson and Rob Riggle.

A new eight-episode season of **HGTV's** popular series *Renovation Island* premiers Sunday, July 24 at 9 PM ET/PT. Follow series' stars, Bryan and Sarah Baeumler, as they and their four kids, take on their next family adventure. The Baeumlers, who successfully reopened their Bahamas hotel as pandemic travel restrictions were lifted, will finally start the major renovation of their outdated family home in Florida. During the fresh episodes, Bryan and Sarah will face the stressful challenges and chaos of a whole-home transformation, all while raising their kids and running their island resort. In the premiere episode, the Baeumlers who have been living out of their suitcases for months, finally settle into their new home before the renovation begins.

The eight-episode second season of the **HBO** drama series *Industry* debuts Monday, August 1 at 9 PM ET/PT. The series provides us with an insider's view of the blackbox of high finance following a group of young bankers as they forge their identities within the pressure cooker environment of international bank Pierpoint & Co's London office. In season 2, the market is ripping, and Pierpoint's back to work, with the trading floor more charged up and paranoid than ever. New U.S. management will be gasoline on the flames - an injection of cross Atlantic energy that lights a fire under each and every employee.

"I haven't been this excited since I got my first bicycle!" Introducing *ZOOMER!*

The portable, folding, battery-powered chair that offers easy one-handed operation

Remember when you were a child and got your first bicycle? I do. It gave me a sense of independence . . . I felt like I could go anywhere, and it was so much easier and more enjoyable than walking. Well, at my age, that bike wouldn't do me much good. Fortunately, there's a new invention that gives me the freedom and independence to go wherever I want . . . safely and easily. It's called the *Zoomer*, and it's changed my life.

My Zoomer is a delight to ride! It has increased my mobility in my apartment, my opportunities to enjoy the out-of-doors, and enabled me to visit the homes of my children for longer periods of time. The various speeds of it match my need for safety, it is easy to turn, and I am most pleased with the freedom of movement it gives me.

Sincerely, A. Macon, Williamsburg, VA

After just one trip around your home in the **Zoomer**, you'll marvel at how easy it is to navigate. It is designed to maneuver in tight spaces like doorways, between furniture, and around corners. It can go over thresholds and works great on any kind of floor or carpet. It's not bulky or cumbersome, so it can roll right up to a table or desk- there's no need to transfer to a chair. Its sturdy yet lightweight aluminum frame makes it durable and comfortable. Its dual motors power it at up to 3.7 miles per hour Joystick Control (adaptable left or right) Comfortable Seating Comfortable Seating Veriful Battery/ Dual Motors

Alonso goes for hat trick in Home Run Derby

In the category of people who project absolute joy in what they do, we present for your consideration Pete Alonso, man of many projectiles.

Watching the New York Mets first baseman compete at last year's Home Run Derby, which he won for the second-straight time, it was hard to think of anyone in recent memory who has as much fun as the burly slugger.

Indeed, in slamming meatball after meatball from then-Mets bench coach Dave Jauss deep into the stands at Denver's Coors Field, the 27-year-old Floridian dubbed "the Polar Bear" danced, bobbed his head and hammed it up to the crowd as he launched 74 dingers, the longest a 514-foot moon rocket. This is a man who doesn't hit cheap homers.

In the end after he'd outhomered the Orioles' Trey Mancini, Alonso held the 2021 Home Run Derby trophy aloft with abject pride. He believes he's the best power hitter in the game, and after this performance it was hard to argue with him.

It was hard to argue even before that. He won Rookie

of the Year honors in 2019 (the same year he won his first Home Run Derby) by hitting a rookie record 53 homers, then followed that up with 16 in the pandemicshorted 2020 season and another 37 in 2021. And this season, he's among the league leaders once again.

He's a lock to be at Dodger Stadium to compete in the 2022 Home Run Derby, which takes place Monday, July 18, and airs on ESPN and ESPN2.

THE WEEK IN SOAPS

History Is Made At The 49th Annual Daytime Emmy Awards

Statuettes were handed out at the 49th Annual Daytime Emmy Awards last month at a ceremony honoring the best and brightest of daytime TV programming. While each of the four soaps walked away a winner, the big champion of the night was *General Hospital*, which took home five Daytime Emmys including the award for

Outstanding Drama Series.

It appeared that GH might sweep the whole night after it won the first three soap opera categories – Kelly Thiebaud (Britt, GH) won for Outstanding Supporting Actress, Jeff Kober (Cyrus, GH) won for Outstanding Supporting Actor, and GH also won for Outstanding Drama Series Directing Team.

Did *GH* executive producer Frank Valentini think that his show might sweep the entire night? "No," he told website Soap Hub backstage at the awards. "I don't believe in sweeps. I'm happy that every show came away with something. That's always very nice."

John McCook won Outstanding Lead Actor in a Drama Series for his role as Eric Forrester on *The Bold and the Beautiful*. McCook, an original *B&B* cast member, earned the gold for playing a sensitive storyline in which Eric allowed wife Quinn (Rena Sofer) to continue her affair with Carter Walton (Lawrence Saint-Victor) as he was battling bedroom performance issues.

"I loved telling this story with Rena," McCook said. "She was right there with me, helping me realize the material." On McCook's reel was a scene in which he passionately defended his stance to his son Ridge (Thorsten Kaye). "Eric said to Ridge, 'I hope this never happens to you. I hope you never feel this way."

Daytime history was made when Mishael Morgan (Amanda Sinclair, *The Young and the Restless*) became the first Black actress to win Outstanding Lead Actress in a Drama Series. "It means everything," Morgan said on *The Talk* after her victory. "When I was a kid, my dad always told me, you need to be 10 times better because you're Black, just to be seen as equal. I hope this step forward shows that we can be equal."

Days of Our Lives won for Outstanding Drama Series Writing Team. "We have roughly 30 people in our cast," said *Days* head writer Ron Carlivati. "We want to give everybody their due. We really focus on family. I feel *Days* more than any other soap is about family. No matter what crazy story [we tell], it always comes back to that."

Two years ago, the Daytime Emmy folks combined young actors and actresses into one category – the Daytime Emmy Award for Outstanding Younger Performer in a Drama Series. While actresses walked away the victor in those first two years, Nicholas Alexander Chavez triumphed this year for his role as *GH*'s Spencer Cassadine. "I don't understand the choice of why [the categories] are combined," Chavez said backstage. "I'm not sure I'm educated enough to have an opinion. I do want to tell my fans, 'Thank you for supporting me!"

ALL-NEW mobility technology Introducing the world's lightest mobility scooter with anti-tip technology

The So Lite[™] Scooter is easy to transport and almost impossible to tip over.

Like millions of older Americans, I struggle with mobility. For years, I watched my quality of life slip away, as I was forced to stay home while friends and family took part in activities I'd once enjoyed. I thought I'd made some progress when I got a mobility scooter, but then I realized how hard it was to transport. Taking it apart and putting it back together was like doing a jigsaw puzzle. Once I had it disassembled, I had to try to put all of the pieces in the trunk of a car, go to wherever I was going, and repeat the process in reverse. Travel scooters were easier to transport, but they were uncomfortable and scary to drive, I always felt like I was ready to tip over. Then I found the So Lite[™] Scooter. Now there's nothing that can hold me back.

Years of work by innovative engineers have resulted in a scooter that's designed with seniors in mind. They created Electronic Stability Control (ESC) that makes it virtually impossible to tip over. If you try to turn too quickly, the scooter automatically slows down to prevent it from tipping over. The battery provides powerful energy at a fraction of the weight of most batteries. With its rugged yet lightweight aluminum frame, the So Lite[™] Scooter is the most portable scooter ever—but it can hold up to 275 pounds-yet weighs only 40.8 pounds without the battery! What's more, it easily folds up for

Why a So Lite[™] Scooter is better:

- Latest "No-Tip" Technology Lightweight vet durable
- . Folds and locks in seconds . Easier to operate

storage in a car seat, trunk or even on an airplane. It folds in seconds without tools and is safe and reliable. Best of all, it's designed with your safety in mind, from the newest technology and superior craftsmanship. Why spend another day letting your lack of mobility ruin your quality of life? Call now and find out how you can get a So Lite[™] Scooter of your very own.

HOROSCOPES BY YASMIN BOLAND

a Cancer (born July 20), of "Killing Eve"

ARIES (March 21 - April 19) The skies are reminding you that life wasn't meant to be a non-stop challenge. Use this week and the coming month to contemplate your idea of fun. What lights you up, what makes you feel life is worth living? This is meant to be an enjoyable time of life for you.

TAURUS (April 20 - May 20) Many people live by the maxim "family first". How about you? As of now, you're moving into a period where you really need to focus on your family or people who feel like family. Shore things up with anyone you've had a rough time with. Give your family some attention.

GEMINI (May 21 - June 20) As Gemini, you're all about communications. Whether you're a master communicator or you're working on your communication skills, sorting out the way you express yourself and listen to other people is the most important thing you can do for yourself now. It will change your relationships and therefore your life!

CANCER (June 21 - July 22) Every year around this time, you get a chance to think about what matters most to you. So quick now, off the top of your head – what do you value most highly in your life? Are you living your life in accordance with that? If not, now is the time to pivot.

LEO (July 23 - Aug. 22) The sun moves back into your sign now for the first time in a year. Hopefully you're already feeling something like a massive, energetic power surge! You deserve to shine, so take the time to do whatever it takes for you to feel more vital. A trip away could help.

VIRGO (Aug. 23 - Sept. 22) Now is the time for you to stop pushing yourself. Just relax a little. Take a step back. Lurk in the shadows for a while if you feel the need. Breathe out. Take time out and contemplate the past year, where you are and where you want to go next.

LIBRA (Sept. 23 - Oct. 22) Focus on your friends now. The sun is moving through the part of your chart that is all about the people you're connected to, the social groups you're a part of and the people who can help you achieve the life you're dreaming of. Which friend needs a hug?

SCORPIO (Oct. 23 - Nov. 21) No matter what kind of craziness is going on in your life, take a moment. The sun is moving back into your ambitions zone right now which means it's time for you to focus on your brilliant career. What do you want to achieve in the coming 12 months? Set goals.

SAGITTARIUS (Nov. 22 -Dec. 21) This should be your favorite time of the year. Hopefully the world is opening up to you and you're starting to see that life really can be your oyster, so to speak. Travel and study in particular are both really well starred now and over the coming few weeks.

CAPRICORN (Dec. 22 -Jan. 19) Right now, you need to learn some lessons about cash; how to earn it, save it and spend and/or invest it. Make money work for you. If you feel like you have no idea whatsoever about how to be money smart, now is the time to seek out an expert for advice.

AQUARIUS (Jan. 20 - Feb. 18) As the sun moves into your love zone for the first time in a year, you can expect relationship issues to come up – all the better for you to take an honest inventory of how you're traveling with the most important people in your life and how to solve any upsets.

PISCES (Feb. 19 - March 20) Use this week to start a four-week life reorganization. What in your life is working and what isn't? Which routines are good for you health-wise and which are not? Life will show you where you need to make changes – make sure you're paying attention! Think of it as your annual adjustment.

ASK MATT

IS THE GOOD DOCTOR NOW A SOAP OPERA?

Question: The more apt title for The Good Doctor after the most recent season is The Good Doctor's Wife. I can't be alone in being on the fence about this show after its significant departure from the original premise. It's less and less a medical show and more a personal relationship/ Lea-centric show. After losing a number of key (and compelling) characters, the show now revolves primarily around Shaun and Lea's burgeoning relationship. If her hard-to-swallow career trajectory in the show were not enough, the fact that she's now involved in many of the medical cases is simply too much. Will this lead to the show's demise? -Melissa

Matt Roush: It hasn't killed the show yet. And while I'm sure you're hardly the only one who has an allergy to Paige Spara's character (who admittedly can be an acquired taste), from the start The Good Doctor has been every bit as much about Dr. Shaun Murphy's emotional development as it is about his unusual professional journey as a surgeon/doctor on the spectrum. Bringing Lea into the workplace may feel a bit forced, but the ups and downs of him learning to live with someone and commit to them is always going to be a significant part of the show. That said, I enjoy this (and other shows like it) more when the balance leans more toward the medical cases and less when it indulges wall-towall soap opera.
