2019 CMA AWARDS

Celebrate The Ladies Of Country With Carrie, Dolly And Reba. By Taylor Neumann

The 53rd Country Music Association Awards, airing Wednesday on ABC, will be the awards show you know and love, celebrating the top artists on the country music charts. But this year, the show is also doing something a little different – the theme for the night will celebrate legendary women in country music.

For the first time since 2008, Carrie Underwood is hosting without Brad Paisley. Instead, she will be accompanied by special guest hosts Reba McEntire and Dolly Parton. McEntire and Parton, of course, in addition to their successful careers, have also been instrumental in assisting other female country artists in the business and providing mentorship to a younger generation. Underwood is a part of that generation, along with fellow nominees Maren Morris, Kacey Musgraves and Miranda Lambert, all of whom owe a debt to the trailblazing of McEntire and Parton.

"It's an incredible honor to welcome Carrie, Reba and Dolly to the CMA Awards stage this

year," said Sarah Trahern, CMA chief executive officer. "In addition to awarding the year's best and brightest in the genre, the 53rd annual CMA Awards will celebrate the legacy of women within country music, and we couldn't think of a more dynamic group of women to host the show."

It's only fitting that a woman leads all nominees this year – Morris earned six nominations, including Album of the Year and Female Vocalist of the Year. Close behind Morris are Brothers Osborne with four nominations and country darlings Dierks Bentley, Eric Church, Luke Combs, Musgraves, Blake Shelton, Chris Stapleton and Underwood all with three each.

The award show promises "unforgettable performances and epic collaborations," including by the hosts themselves – Underwood and McEntire solo, and Parton with For King & Country and Zach Williams. Others scheduled to perform are Church, Combs, Lambert, Morris, Keith Urban, and Pink with Stapleton.

SHAMELESS

Get Ready For A 10th Season With The South Side's Favorite Family.

By Taylor Neumann

Shameless is back for a landmark 10th season (Sunday on Showtime), and it promises to bring all of the craziness you expect from the Gallagher clan. One thing is for sure – the show still hasn't run out of stories to tell. "We've been watching the family members grow up, with the exception of Frank [William H. Macy], who will never grow up," said executive producer John Wells. "So their lives keep changing, they keep having different challenges. That gives us a lot of material to work with."

Of course, this time the show is returning without its golden girl Fiona, played by Emmy Rossum, who at the end of Season 9 fled Chicago for places unknown. But with the departure of Rossum comes the return of another Gallagher sibling, Ian (Cameron Monaghan), who left the show in the early part of Season 9 and whose storyline culminated with a prison sentence. Monaghan is back full time, along with Noel Fisher, who plays his cellmate and lover Mickey Milkovich. Though the two start things off still incarcerated, expect that to change over the course of the season. "Nobody stays in prison forever. How [does] he go through that whole process of parole? ... He's not going to spend 20 years in prison for what he did," said Wells.

DAISY HAGGARD

Of "Back To Life"

By Jeff Pfeiffer

British actor/writer Daisy Haggard gained some cult fame with her role on the 2011-17 BBC/Showtime comedy *Episodes* as Myra Licht – the “head of comedy” for a TV network who regularly, and obliviously, displayed her nearly nonexistent instincts for what is or isn't funny.

That is not the case at all with Haggard herself. In her performance as Myra alone she demonstrated through her uproarious verbal and physical acting that her comedic sensibilities are pretty brilliant. Now, in another BBC/Showtime production – *Back to Life*, beginning this Sunday on Showtime – Haggard takes her skill to a different level.

In the series she created, and cowrote with Laura Solon, which she describes as “a dark, mysterious comedy-drama with a heart,” Haggard stars as Miri, a woman who returns to her English seaside hometown after spending 18 years in prison following an incident when she was a teenager. Viewers used to Haggard's broader performance as Myra may be amazed by a deeper and more subtle, but no less funny, performance from the actor as Miri.

Haggard answered our “5 Questions.”

1. Do you have a favorite sports team?

Liverpool football, I would say, but that's sort of only because I once fancied one of the guys ... when I was 15. ... And then my dad and my husband [like] Liverpool. So, yeah. Liverpool.

2. Do you have any pets?

I have a dog called Terry. He's a scruffy, mix dog. He still tries to get in the bed [and] likes to be spooned.

3. Are there any movies that you can just watch nonstop without getting sick of them?

Jaws. Dirty Dancing.

4. If your refrigerator or pantry could only be stocked with certain items of food or drink, what would you want those to be?

Crisps. But you call them “chips” [in America], don't you? I'm quite well known for my Twitter obsession with crisps. ... I can put away more packets of chips than a woman should. So, it'd be filled with that and ice cream. That's not very healthy, is it? That's why I'm not a Hollywood size.

5. What are some jobs you had before becoming an actor and writer?

I worked in the Christmas decorations department of Harrods year-round. That, my friend, is hell. I couldn't listen to Christmas music for many years. But I was very, very naughty, and I used to move all the little Christmas decorations so they were doing rude things to each other ... apart from the Nativity [scene]. Just Father Christmas.

Cast of Christmas at Graceland: Home for the Holidays

Adrian Grenier and Kaitlin Doubleday bring the holiday spirit to rock legend Elvis Presley's famed estate as they star in **Christmas at Graceland: Home for the Holidays**, a new, original movie premiering Saturday, November 23 at 8 PM ET/PT on **Hallmark Channel** as part of the network's annual *Countdown to Christmas* programming event. Entertainment industry legend and Graceland steward Priscilla Presley makes a special appearance in this Hallmark holiday romance, shot on location at Graceland Mansion in Memphis. World-traveler Harper Ellis (Doubleday) returns to Memphis for the holidays to stay with her family and interview for an overseas position at a museum. While there, she takes an au pair position for wealthy widow Owen Reed (Grenier) while she awaits news about the museum job. Romantic feelings between Harper and Owen develop and Harper realizes how much she enjoys living close to family. Will she decide to make her home for the holidays her forever home?

Liev Schreiber in Ray Donovan

SHOWTIME will premiere season seven of **Ray Donovan** on Sunday, November 17 at 8 PM ET/PT (a new time slot). This season finds Ray (Liev Schreiber) working to be the man his family needs him to be. While he makes progress with Dr. Amiot (Alan Alda), there are dangers from the past that require the Ray Donovan of old. Between NYC mayor Ed Feratti (Zach Grenier), an unrelenting NYPD officer hunting for the truth and clients old and new, Ray struggles to find the balance

between fixing for clients and fixing himself. And when Feratti's corruption brings a piece of Mickey's past (Jon Voight) back to New York, Ray is forced to seek answers to long-buried questions.

Season three of the hit series **America in Color** will premiere Sunday, November 17 at 8 PM ET/PT on **Smithsonian Channel**. This season transforms decades of black and white, bringing figures like Winston Churchill, Queen Victoria and Frank Sinatra, along with events like the Hindenburg disaster into the full-color world they lived. Six new episodes will explore rich themes. The immigration-themed season premiere includes rare footage of world-renowned physicist Albert Einstein's journey from Nazi-era Germany to American citizenship.

NEW TO DVD & ON DEMAND BY PAUL HALL

Good Boys

When three sixth graders who are normally good kids ditch school, they find themselves on a wild ride, learning about life in this coming-of-age story like no other. Despite its underage cast, this film is very R-rated, but it is very real. Different growth patterns

for each of the characters provide connections to most of those who view this tale. It's funny and raw – make sure to add it to your library for future viewings. You'll thank me later. *Rated R – Available Nov. 12*

Kyrie Irving in the driver's seat for improved Nets

When the Brooklyn Nets pulled off the stunning trifecta signings of free agents Kyrie Irving, Kevin Durant and DeAndre Jordan over the summer, it signaled to the rest of the league that they were ready to tangle with the big boys. Now the talent has to live up to the expectations.

Irving is at the center of those expectations. As their new point guard, he is tasked with running the offense, distributing the ball and setting up open shots for his teammates. Of course, he'll also be expected to be a leader — and that might be a problem area.

By his own admission, Irving struggles with leadership. Last year with the Boston Celtics, Irving had problems meshing with some of his younger teammates and at times clashed with coach Brad Stevens as the team took a second round exit from the playoffs, a year after narrowly missing the NBA Finals.

Of course, his numbers in 2018-19 (per-game averages of 23.8 points, 6.9 assists and 5.0 rebounds) were vintage Irving but what was roundly considered a failed season in Beantown wound up on the point guard's shoulders.

He gets a fresh start in Brooklyn with a new cast of supporting characters — mi-

nus Durant, who is expected to miss the season with a torn Achilles he sustained in last season's NBA Finals — and a new chance to silence those leadership questions once and for all.

Irving and the Nets can be seen in action Thursday, Nov. 14, visiting the Denver Nuggets in the late game of a TNT doubleheader.

CHEERS TO

Nancy DREW

for solving the mystery of how to make a nearly 90-year-old icon relevant. By casting the super-likable Kennedy McMann as our new teen sleuth and adding a wicked supernatural angle, The CW's freshman thriller is sexy, scary and so worthy of its beloved literary roots.

CHEERS TO AMERICAN HORROR STORY

for making a *Popular* casting decision. As 1984's hilarious, yet homicidal summer-camp owner, Leslie Grossman has been slaying it with even more gusto than when she was stealing every scene as demented cheerleader Mary Cherry in *AHS* creator Ryan Murphy's 1999-2001 WB comedy.

JEERS TO A STREAMING-SERVICE BAIT AND SWITCH.

With *Search Party* moving from TBS to HBO Max for its next two seasons, fans of Alia Shawkat's hipster comedy who are already paying for cable will have to cough up even more if they want to find out what happens next. Not cool.

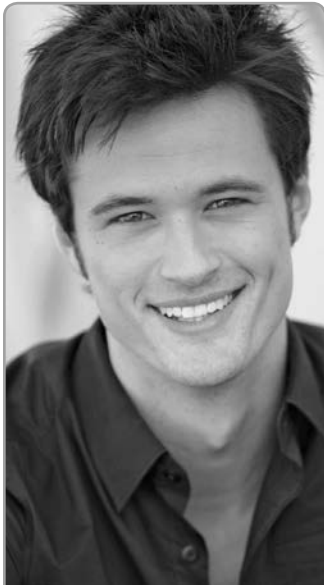

JEERS TO BLUFF CITY LAW

going out of business. With so many TV shows out there these days, NBC's appealing family drama starring Jimmy Smits and Caitlin McGee as father-daughter legal eagles should have been given more than a ten-episode run to find the audience it deserved. We object to the plug being pulled so quickly!

Ellen Pompeo, a Scorpio (born Nov. 10), of "Grey's Anatomy"

BY TIFFANY DRAKE

ARIES (March 21 - April 19)

You have an opportunity to increase your wealth now Ar-ies, and this will relieve a good amount of worry on your part. Jump at the chance now before it's gone. Adding this bit of security to your financial situation makes for better times ahead.

TAURUS (April 20 - May 20)

You've got a lot of emotional energy right now and it could come out in negative ways if you don't channel it somewhere, Taurus. It's good to be in touch with your feelings, but you also need to be aware of how they impact others.

GEMINI (May 21 - June 20)

You'll be feeling emotionally maxed out now, Gemini. This is a time to focus on your own needs and wrestle with the darker issues that still plague you. Allow yourself to imagine what your life would be like without them.

CANCER (June 21 - July 22)

A major upset among your friends or network causes a division in loyalties, Cancer. You're more than a little surprised and hurt. Take time to nurture your wounds before responding - you'll come up with a better response if you do so!

LEO (July 23 - Aug. 22)

Issues on the job come to a head now, Leo, and you're just about at your wits' end. You've been ready to find a different line of work for some time, so this could be just the impetus you need. Don't lose your momentum!

VIRGO (Aug. 23 - Sept. 22)

You can see your long-term goals coming to fruition now, Virgo. You're excited for the next chapter in your career or education. Your enthusiasm is contagious, so others will feel excited for you as well. It's OK to bask in the joy for a bit.

LIBRA (Sept. 23 - Oct. 22)

No one thinks you're being fair about an issue, Libra, which is amusing to you since you feel the exact opposite. It will be difficult to find a middle ground now, which could ultimately delay you in moving forward. Is it worth it? Only you get to decide.

SCORPIO (Oct. 23 - Nov. 21)

Emotions are especially heightened, Scorpio, so be aware of your temper and reactions to others. While it may be difficult to remain at an even keel, it is not impossible. Taking the high road in contentious interactions will serve you well.

SAGITTARIUS (Nov. 22 - Dec. 21)

You're feeling under the weather at an inopportune time, Sagittarius. What would happen if you pushed yourself to attend to your responsibilities despite not being well? It's always important to take care of yourself before you can care for others.

CAPRICORN (Dec. 22 - Jan. 19)

You're seeking out fun times right now, Capricorn. Good for you! Normally the serious one in the zodiac, you rarely let your hair down. Blowing off steam will help you in other areas of your life as well, so make it a regular part of your routine.

AQUARIUS (Jan. 20 - Feb. 18)

No one is expecting you to hold it all together, Aquarius. You'll need to find some support regarding issues at home, and you may need a shoulder to cry on, as well. Processing serious emotions will help you move forward without worry.

PISCES (Feb. 19 - March 20)

Be very careful with your words now, Pisces. Others are chaotic right now, and the last thing you want to do is add fuel to the fire. Anything you can delay addressing will be helpful. Waiting it out will ensure you only have to have the conversation once.

Question: Can Gerald McRaney become a regular on *NCIS: Los Angeles*? His character and Hetty would be very entertaining. —Marie

Matt Roush: By my count, Gerald McRaney has appeared on *NCIS: LA* as Retired Navy Admiral Hollace Kilbride at least five times over the years, so he's clearly a favored recurring guest star, and for now, that seems to be the extent of his involvement. There's no show he doesn't make better so I imagine he'd be welcomed back any time. But I haven't seen anything to suggest that the producers are looking to expand the core cast, so you're probably going to have to settle for enjoying him next time he returns. (I agree, though, that an episode centered on Hollace and Hetty would be great.)

Question: Stephen Colbert seems to have a week's worth of reruns every other week. Does he have a contract that calls for this? —Paul

Matt Roush: I don't begrudge these shows or their stars occasional time off, because the schedule is grueling, although I admit I was also thrown that *The Late Show with Stephen Colbert* had scheduled time off during a week when a Democratic debate was happening — which is typically a ripe occasion for a live broadcast. This was his first break since the Labor Day hiatus, and if that seems lazy to you, so be it.

There are certain fashion essentials every woman simply must have: A little black dress. A great pair of jeans. A strand of pearls. And, to round things out, a pair of great hoop earrings. And, when it comes to putting a fresh twist on a classic, you can't beat the lux style of Italian design. So, to Italy we went. And, we returned with earrings that run circles around the competition.

The **Cerchi Scanalati Earrings** are perfect classic hoops crafted of .925 sterling silver and covered in lustrous Italian gold. Updated with a grooved texture, these earrings are the ideal size that walks the line between bold and dainty with ease.

difference, and that is the *only* difference. These earrings can go head to toe with the best of them.

Satisfaction guaranteed or your money back. Try the **Cerchi Scanalati Earrings** for 30 days. If you aren't perfectly happy, send them back for a full refund of the item price.
