## Scientific Discovery Stuns Doctors

# Biblical Bush Shuts Down Joint Discomfort in 5 Days

*Amazing plant "prescription" gives new life to old joints without clobbering you. So safe you can take it every day without worry.*

According to the Centers for Disease Control and Prevention, more than 54 million Americans are suffering from joint discomfort.

This epidemic rise in aching joints has led to a search for alternative treatments—as many sufferers want relief without the harmful side effects of conventional “solutions.”

Leading the way from nature's pharmacy is the new “King of Oils” that pioneering Florida MD and anti-aging specialist Dr. Al Sears calls “the most significant breakthrough I've ever found for easing joint discomfort.”

Biblical scholars treasured this “holy oil.” Ancient healers valued it more than gold for its medicinal properties. Marco Polo prized it as he blazed the Silk Road. And Ayurvedic practitioners, to this day, rely on it for healing and detoxification.

Yet what really caught Dr. Sears' attention is how modern medical findings now prove this “King of Oils” can powerfully...

### Deactivate 400 Agony-Causing Genes

If you want genuine, long-lasting relief for joint discomfort, you must address inflammation. Too much inflammation will wreak havoc on joints, break down cartilage and causing unending discomfort. This is why so many natural joint relief solutions try to stop one of the main inflammatory genes called COX-2.

But the truth is, there are hundreds of agony-causing genes like COX-2, 5-LOX, iNOS, TNK, Interleukin 1,6,8 and many more—and stopping just one of them won't give you all the relief you need.

Doctors and scientists now confirm the “King of Oils”—Indian Frankincense—deactivates not one but 400 agony-causing genes. It does so by shutting down the inflammation command center called Nuclear Factor Kappa Beta.

NK-Kappa B is like a switch that can turn 400 inflammatory genes “on” or “off.” A study in *Journal of Food Lipids* reports that Indian Frankincense powerfully deactivates NF-Kappa B. This journal adds that Indian Frankincense is “so powerful it shuts down the pathway triggering aching joints.”

### Relief That's 10 Times Faster... and in Just 5 Days

Many joint sufferers prefer natural solutions but say they work too slowly. Take the best-seller glucosamine. Good as it is, the National Institutes of Health reports that glucosamine takes as long as eight weeks to work.

Yet in a study published in the *International Journal of Medical Sciences*, 60 patients with stiff knees took 100 mg of Indian Frankincense

or a placebo daily for 30 days. Remarkably, Indian Frankincense “significantly improved joint function and relieved discomfort as early as five days.” That's relief that 10 times faster than glucosamine.

### 78% Better Relief Than the Most Popular Joint Solution

In another study, people suffering from discomfort took a formula containing Indian Frankincense and another natural substance or a popular man-made joint solution every day for 12 weeks.

The results? Stunning! At the end of the study, 64% of those taking the Indian Frankincense formula saw their joint discomfort go from moderate or severe to mild or no discomfort. Only 28% of those taking the placebo to the relief they wanted. So Indian Frankincense delivered relief at a 78% better clip than the popular man-made formula.

In addition, in a randomized, double blind, placebo controlled study, patients suffering from knee discomfort took Indian Frankincense or a placebo daily for eight weeks. Then the groups switched and got the opposite intervention. Every one of the patients taking Indian Frankincense got relief. That's a 100% success rate—numbers unseen in by typical solutions.

In addition, BMJ (formerly the *British Medical Journal*) reports that Indian Frankincense is safe for joint relief — so safe and natural you can take it every day.

Because of clinically proven results like this, Dr. Sears has made Indian Frankincense the centerpiece of a new natural joint relief formula called Mobilify.

### Great Results for Knees, Hips, Shoulders and Joints

Joni D. says, “Mobilify really helps with soreness, stiffness and mild temporary pain. The day after taking it, I was completely back to normal—so fast.” Shirley M. adds, “Two week after taking Mobilify, I had no knee discomfort and could go up and down the staircase.” Larry M. says, “After a week and a half of taking Mobilify, the discomfort, stiffness and minor aches went away... it's almost like being reborn.” And avid golfer Dennis H. says, “I can attest to Mobilify easing discomfort to enable me to pursue my golfing days. Definitely one pill that works for me out of the many I have tried.”

### How to Get Mobilify

Right now, the only way to get this powerful, unique formula that clobbers creaking joints in five days without clobbering you is with Dr. Sears' breakthrough Mobilify formula. It is not available in stores.

To secure bottle of this breakthrough natural joint discomfort reliever, buyers should call with Sears Health Hotline at **1-800-299-0209** within the next 48 hours. “The Hotline allows us to ship the product directly to customers.”

Dr. Sears believes in this product so much, he offers a 100% money-back guarantee on ever order. “Just send me back the bottle and any unused product within 90 days, and I'll send you your money back,” he says.

The Hotline will be open for the next 48 hours. After that, the phone number will be shut down to allow them to restock. Call **1-800-299-0209** to secure your limited supply of Mobilify. You don't need a prescription, and those who call in the first 24 hours qualify for a significant discount. Use promo code **MBTW03** when you call.

# KILLER ROLE

## Angie Harmon Plays An Ex-Assassin Looking To Bury Her Past.

By Taylor Neumann

Courtesy of Lifetime. Credit: Ken Smith

After taking a few years off from acting, Angie Harmon – best known for her roles as Jane Rizzoli on *Rizzoli & Isles* (2010-16) and Abbie Carmichael on *Law & Order* (1998-2001) – is back with a new Lifetime project that she executive produces and, of course, stars in. The first in a series, *Buried in Barstow* (Saturday) centers on Hazel King (Harmon), an ex-assassin who is attempting to get away from her past, running a local diner in her small town and trying to remain on good terms with her adult daughter (Lauren Richards). But as much as she wants a normal life, she soon realizes that it might be impossible to avoid trouble.

Harmon brought this script around town for years to try to find the right home, eventually landing at Lifetime. "This is my heart project. I've loved this script since I read it and started shopping it around three and a half years ago," enthused Harmon. "I believed in this from the moment I read it."

With years of experience acting as a member of law enforcement under her belt, this is the first time Harmon got to take on someone on the opposite side of the law. If there's one thing she's comfortable with, though, it's handling a gun. "Well, being from Texas ... I have no problem with

[using a gun]. And to be honest, you know, I think it's kind of an aspect of my career that just sort of followed me around the entire time. ... At this point, I can break down a crime scene and prosecute a case and win or defend it. Whatever sort of law enforcement you might need – I'm your gal!"

Also starring in the film is Kristoffer Polaha as Elliot, a doctor with a mysterious past who shows up in the diner one day. "He tumbles in like tumbleweed into this diner and gets entangled with Angie's character Hazel," Polaha explained. "We don't really know who he is or where he comes from." But he immediately has respect for Hazel. "[She] is this character who is so broken, and she's so damaged, and she doesn't have love, and she lives in this really rough world, and we see the evidence of that until she has her daughter, and then she becomes this lioness or this mama bear who is willing to at all costs protect the things that she loves."

*Buried in Barstow* promises to be a thrilling look at the assassin life and how, as much as Hazel might want to, she can never escape. Plus, viewers who get attached to Hazel and her friends and family will have more to look forward to as subsequent movies in the series are released later on.

## ROUGH RIDER History Explores The Life And Legacy Of Teddy Roosevelt. By Ryan A. Berenz

In 1912, former president Theodore Roosevelt was in Milwaukee campaigning for a third term in the White House. Running on his Progressive "Bull Moose" Party ticket, Roosevelt was about to deliver a speech when he took a would-be assassin's bullet to the chest. Undeterred, he proceeded to speak for about 80 minutes, and it was not until after he finished that he was convinced to go to a hospital. That toughness is a defining trait of Roosevelt's life and career in public service, and his policies set the stage for America's rise as a global superpower in the 20th century.

History's two-night documentary *Theodore Roosevelt*, beginning Monday, is based on author and historian Doris Kearns Goodwin's book *Leadership: In Turbulent Times* and presents a portrait of a complex man who was a cowboy, soldier, statesman, conservationist, adventurer, author and reformer who fought for the working class. "Teddy sought to create a sense of common purpose among all people, using his leadership not simply to stoke his base and solidify faction, but rather, to find common ground in order to knit classes and regions of people together," Goodwin says.

**5 QUESTIONS** with ...

**MCKENNA GRACE**

Of Lifetime's "The Bad Seed Returns"

By Taylor Neumann

Mckenna Grace is one of Hollywood's most in-demand stars, with an Emmy nomination for her work on *The Handmaid's Tale* already under her belt – all before being old enough to drive! Now she stars in *The Bad Seed Returns* (Monday on Lifetime), the sequel to her successful 2018 film for Lifetime. Her character, Emma Grossman, is a true psychopath, as depicted in the events of the first film that saw her classmates, babysitter and eventually her father (played by Rob Lowe) die by her machinations. The sequel brings up a new dynamic for Emma as she deals with teenage angst as well as her new household situation, now living with her aunt and uncle along with a baby cousin. Here she answers our "5 Questions."

**1. Why did you decide to revisit this particular character?**

Well, my dad and I, over quarantine, we were just locked up, like everyone, and were really bored, so we were trying to think what's a script that we could write. We just got to thinking and we were like, "What about *The Bad Seed*? Wouldn't that be so interesting?" I thought it'd be really fun if we just went back to that and came up with our own story.

**2. Was this your first time writing something major like this? And has your dad done this before?**

Oh yeah, definitely [on both being first-time writers]. My dad is a surgeon.

**3. Do you think you'll be writing more in your future?**

Oh yeah, my dad and I are always working on things together, so I'm excited to write more and write new scripts, and hopefully make more films that my dad and I have written.

**4. You've played some really layered characters, but Emma is such an explicitly dark role. What is it like to play her?**

She is really fun. It's really cool to play a darker character like that. I personally really enjoy it. I'd love to play more scary characters like her. But she's just so fun and crazy.

**5. What other projects do you have coming up that you can talk about? I'm sure you can talk about some.**

I'm going to be working on a show with Peacock. I'm pretty sure the working title right now is called *A Friend of the Family*. But it's with some really great actors like Colin Hanks, Jake Lacy, Anna Paquin and Lio Tipton. I'm very, very excited to be working alongside them. There's actually a documentary on Netflix that is the true-crime case that we're going off of called *Abducted in Plain Sight*. It is so good. This true-crime case is absolutely wild. I think I've watched the documentary three times now and read the scripts 10 times. It's so interesting. Then I'm also working on *Handmaid's Tale* right now.

PBS will air the **Jon Stewart: The Kennedy Center Mark Twain Prize** event on Tuesday, June 21 from 9 to 10:30 PM ET (check your local listings). A star-studded lineup, including Samantha Bee, Steve Carrell and Jimmy Kimmel will participate in the celebration of Jon receiving this prestigious achievement.

The **HISTORY® Channel** will premiere its new two-hour documentary **After Jackie** on Saturday, June 18 at 8 PM ET/PT and during the 75th anniversary year of Jackie Robinson breaking the color barrier in Major League Baseball. Executive produced by LeBron James and Maverick Carter, with Emmy Award® winning and Academy Award® nominated filmmaker Stanley Nelson in association with Major League Baseball, the documentary tells the often-overlooked story of the second wave of talented Black baseball players after Jackie Robinson, including Bill White, Curt Flood and Bob Gibson, who were up next in the fight for racial equality. The documentary honors these brave men and sheds light on the heroic story of how they stepped to the plate and put their lives on the line to integrate baseball. It delves deep into untold stories. The film also features new and rare interviews with White and Gibson, as well as former and current baseball players such as CC Sabathia, Mookie Betts, Ken Griffey Jr., Joe Torre, Dave Roberts, Al Downing and Tim Lincecum.

The season 14 premiere of **American Ninja Warrior** will air on **NBC** Monday, June 6 from 8 to 10 PM ET/PT, with some of the most elite athletes in the country competing on the world's most difficult obstacle courses. Hosts Matt Iseman, Akbar Gbajabiamila and Zuri Hall are back to call the early-round action in San Antonio and Los Angeles with the national finals in Las Vegas. The new season will mark the return of the lowered age requirement, which opens the door to a new era of competitors as young as 15 years old. Each season the obstacle courses continue to evolve and become even more challenging for competitors of all ages, while the sport itself simultaneously grows rapidly across the country with kids embracing it in record numbers. A top prize of \$1 million will go to the winner that can conquer all four stages at the National Finals. To get there, competitors will need to make it through the qualifying rounds and semifinals.

## Let's Make a Deal Primetime 8 pm on CBS

## Workhorse Queen 8 pm on STARZ Premiere

This documentary finds a fascinating central character in Ed Popil. For 19 years, Popil spent his daytime hours managing a telemarketing center, but at night he transformed himself into Mrs. Kasha Davis, a persona who was a far cry from the conventional glamour queen. ## The Real Housewives of Dubai 9 pm on BRAVO Series Premiere

A locale widely known as an ultra-luxe billionaire's playground serves as the backdrop for this new entry in the *Real Housewives* franchise, which follows a group of powerful women who run businesses while navigating an unusually complicated social scene.

## Guy's Grocery Games 9 pm, 12 am on FOOD

Father's Day is coming up later in June, so in this celebration of dads, Guy Fieri's sons, Hunter and Ryder, test their dad's patience when he plays along with a *Triple G* episode called *Guy Cooks the Games: Like Father, Like Chef*.

### Newgarden looks to break through — finally — at Indy

Josef Newgarden knows all about disappointment at Indy. He's been there 10 times.

Indeed, the two-time NTT IndyCar Series champ and (at this writing) leader in the Series standings is one of the best drivers in the business but you wouldn't know that by his record in the Indianapolis 500.

Since his first race in 2012, the 31-year-old Nashville native's best finish in the Greatest Spectacle in Racing was third in 2016, his worst a 30th place DNF (did not finish) in 2014, to go along with a few top-fives, top-10s and DNFs. Yes, he hasn't exactly distinguished himself on the 2.5-mile quad oval at the Brickyard.

But if there is a glimmer of hope for him to latch onto in 2022, it's this: In recent testing, the driver of the No. 2 Chevy turned in a blistering lap averaging 229.519 mph to lead a 31-car field.

Many drivers usually don't pay much attention to testing times because they know the only ones that

actually mean anything are on qualifying day. And last year he qualified at 21st even though he had a leading test time of 226.819 mph a few weeks earlier. But Newgarden will take his small victory and hope for the best.

He and the likes of past race champs Helio Castroneves, Scott Dixon, Takuma Sato, Will Power and Simon Pagenaud will be in the 33-car field when the Indianapolis 500 is run for the 106th time at Indianapolis Motor Speedway Sunday, May 29, on NBC.

**NAME:** Josef Newgarden

**BIRTH DATE:**

Dec. 22, 1990

**BIRTHPLACE:** Nashville, Tenn.

**HEIGHT/WEIGHT:** 6 feet/177 pounds

**CAR:** Dallara Chevrolet  
**NO.:** 2

**OWNER:** Team Penske

**HONORS AND ACHIEVEMENTS:** Two-time NTT IndyCar Series champion (2017, 2019); has 22 wins and 15 poles since joining IndyCar in 2012

 @damianholbrook

### CHEERS TO *THE GOOD DOCTOR*

for re-admitting Antonia Thomas (below) as Claire Browne. The doc, who departed the ABC drama last season, made a surprise return to St. Bonaventure Hospital in time for Shaun's (Freddie Highmore) pre-wedding festivities.

### JEERS TO *OUTLANDER*

for leaving us hanging. It was bad enough that Season 6 of the Starz drama was shorter than usual, but now we have to wait to find out if Jamie (Sam Heughan) is able to rescue his beloved wife, Claire (Caitriona Balfe, above, with Heughan), from the gallows. Thank God our love for this show is as deep as the Frasers' love for each other!

### CHEERS TO *FBI: INTERNATIONAL*

for thinking locally and acting globally. Not only is CBS's internationally shot high-octane procedural TV's wildest travelogue, but it's also auditioned actors from every single country in Europe. That's the kind of authenticity you can't fake on a Hollywood backlot.

### JEERS TO *THE LINCOLN LAWYER*

for its criminal lack of edge. Safe, sanitized and infuriatingly bland, Netflix's take on the Matthew McConaughey flick based on Michael Connelly's novels wastes its cast, including lead Manuel Garcia-Rulfo (above), on a courtroom drama that feels like it's been sitting on the bench way too long.

## The Daytime Emmys Return To CBS On Friday, June 24

ACADEMY OF TELEVISION  
ARTS & SCIENCES

Soap operas and other daytime programming are being honored next month in primetime! The 49th Annual Daytime Emmy Awards are set to air on Friday, June 24 at 9pmET/PT on CBS. Over the decades, the kudos-fest that shines a light on the best and brightest in soaps, game shows, talk shows and more has been broadcast from New York Harbor onboard a ship, at Radio City Music Hall, in Las Vegas, over the internet and, sadly, in a few rare instances, not at all! (Although non-televized ceremonies were held.)

"It's always been a shame when the Daytime Emmys [went to other platforms]," says John McCook, nominated this year in the category of Outstanding Lead Performance in a Daytime Drama Series: Actor for his role as Eric Forrester on *The Bold and the Beautiful*.

# HOROSCOPES

By YASMIN BOLAND

Sean Giambrone, a Gemini (born May 30), of "The Goldbergs"

## ARIES (March 21 - April 19)

This is a seriously powerful time for you. Can you feel it? You have luck on your side and loads of energy and drive. Queries you've had to do with cash can start to be clarified this week. Get all the information before you make any financial moves. It's also a great time for healing.

## TAURUS (April 20 - May 20)

Communications planet Mercury has been going backward in your sign. If you've been feeling like life is extra confusing or loads of issues and people have been turning up from your past, that's why. This cycle ends this week now though, so it's time for you to move forward again.

## GEMINI (May 21 - June 20)

No matter what you've been through in 2022 so far, life should be starting to pick up. You should feel like you have a clearer idea of where you want to be. Hopefully you're feeling renewed in terms of your energy. This week is also potentially healing for a ruptured friendship.

## CANCER (June 21 - July 22)

Go hard in your career this week. Tackle any past upsets in your professional life that you know are still holding you back. Ask yourself what it would take for this situation to be healed. Aim for that! Also this week, your social life should start to swing back into action.

## LEO (July 23 - Aug. 22)

Questions about your career that have been bothering you these last few weeks will start to get answered soon. Don't make any sudden moves professionally. Give it a couple more weeks. The trip you take now (or one you plan/book now) could be very healing for your spirit.

**VIRO** (Aug. 23 - Sept. 22) If you've been wanting to go away for ages but you couldn't because of the pandemic and other obstacles, this is the week that those challenges standing between you

and your great getaway could finally start to clear. It's also a very good week for Virgos who've been putting off study.

## LIBRA (Sept. 23 - Oct. 22)

Questions and confusion you've had around sex and money should start to ease up. Gather more information now, because soon you'll have to make a decision. Meanwhile, when it comes to at least one extremely important relationship, it looks like upsets from the past will be smoothed over.

## SCORPIO (Oct. 23 - Nov. 21)

Communications planet Mercury has been retrograde for the past few weeks. In your love zone! In other words, if your love life has felt like it's been going backward or lovers from the past have been crawling out of the woodwork, now you know why. This all eases up now.

## SAGITTARIUS (Nov. 22 - Dec. 21)

You're getting a helping hand from the heavens. Mercury has been giving you ideas about better ways to live your life. If you've realized what changes you need to make to feel more functional and happier, make a list because soon it's going to be time to implement those changes.

## CAPRICORN (Dec. 22 - Jan. 19)

Family upsets are never fun. If families were only as easy to live in as they are in happy Hollywood movies. This week though, heavens are opening up opportunities for you to make up with someone you're related to by blood or anything else. Seize the chance while you can!

## AQUARIUS (Jan. 20 - Feb. 18)

The relentless pushing forward that you've been dealing with for the past few months is finally letting up for a bit. Saturn is stopping his forward motion in your sign, giving you a chance to reconstruct anything in your life that needs to be made stronger or somehow fortified.

## PISCES (Feb. 19 - March 20)

The recent Mercury retrograde has probably left you feeling pretty bamboozled. Chances are you're unsure what the best thing to do is. Should you stay or should you go? Should you say yes or no? Try and feel into your intuition. Life is about to start making more sense.

## ASK MATT

**WHO WILL RETURN IN FOR ALL MANKIND?**

@TVGMMattRoush

**Question:** Is the main cast of *For All Mankind* returning for Season 3 or have they been replaced after the time jump? —Matthew S.A.

**Matt Roush:** Obviously, the characters who didn't survive last season won't be back, but otherwise it appears that most of the players in this fascinating alt-history space-race drama will be returning when the focus turns beyond the Moon to Mars. According to Apple, when the series returns on June 10 (can't wait), you can expect to see Joel Kinnaman, Shantel VanSanten, Jodi Balfour, Sonya Walger, Wrenn Schmidt, Coral Peña, and other key ensemble members back in action. Joining the cast will be Edi Gathegi (*The Blacklist*) as a visionary named Dev Ayesa.

**Question:** As they did with TNT and TBS, has Discovery as the new owners of WarnerMedia put a halt on original scripted programming for truTV? The reason for this query is because I am curious if the upcoming new *Tacoma PD* season will be its last? —Alex

**Matt Roush:** It hasn't been announced that the fourth season would be the last, and it's possible that pre-existing series that are doing well enough on any of these Turner channels might escape the cut. But the future for scripted shows on these platforms is looking pretty grim in the wake of the merger.
