

BEGIN THE ANNUAL EVENT

Put a rainbow on her finger with the opal that's taking the jewelry industry by storm.

Lanniversary ring until two very specific conditions were met. First, the opals had to be of superior quality, with the joyous iridescence to delight all who saw the precious stone's colors dance in the light. Second, the price had to be right, so that we could provide the value Stauer clients expect from us. So when The New York Times style section called Ethiopian opal the "undisputed winner" of the Gem Show, we decided to pounce. The result is the astoundingly beautiful Five-Star Opal Anniversary Ring.

Huge Savings Take 85% OFF Instantly! when you use your offer code

All five of these exotic beauties possess the radiant rainbow of color we've been looking for. Arranged in a sterling silver setting finished in lustrous gold, this ring is a beautiful tribute to your lasting love.

So how about our price promise? We met that too. We want you to know there is absolutely no reason to overpay for luxury gemstones. The big name jewelers have been deceiving the public long enough, charging as much as \$16,000 for an Ethiopian opal ring. We won't trump

up the price to make you think it's luxurious. This ring is just as luxurious (if not more) than the big designer name rings, AND

"The play of color in opals is so gorgeous they sometimes don't even seem real and yet they are." —from the Couture Show

it's yours for under \$60. I think it's safe to say we more than met our price promise. We exceeded it... by well over 16,000%!

Your satisfaction is 100% guaranteed. Slip this rainbow on her finger. If she's not absolutely delighted, simply send it back within 30 days for a complete refund of the item price. See if your jewelry store can match that!

The Five-Star Opal Ring is one of Stauer's fastest sellers. Supplies are limited. We can't seem to keep this ring in stock. Don't miss this rare opportunity. Order the Five-Star Opal Anniversary Ring today and catch this radiant rainbow before it's gone!

A GREAT MONTH FOR STARGAZING ON TCM

The Network's Annual Summer Under The Stars Event Returns. Bu Jeff Pfeiffer

Summer Under the Stars (SUTS), Turner Classic Movies' annual August programming favorite, returns this month, with the network again devoting each of the 31 days to films from a particular actor or actress.

SUTS begins Monday with a 12-movie salute to Elvis Presley, which is appropriate, given that this month marks the 45th anniversary of the King's untimely passing (he died Aug. 16, 1977, at age 42). Enjoy 24 hours of the legend acting and singing in classics like Viva Las Vegas (1964), The Trouble With Girls (1969) and more.

Over the course of the month, seven stars will be spotlighted in SUTS celebrations for the first

SUTS: Notable First-Time Stars

Maureen O'Sullivan (Aug. 8) -This familiar face from Hollywood's golden age finally gets her due on SUTS with a 14-film celebration. Of course, there will be a couple of titles with the Irish actress in her most famous role, as Jane Parker

alongside Johnny Weissmuller's Tarzan in Tarzan the Ape Man (1932) and Tarzan and His Mate (1934).

Laurence Harvey (Aug. 11)

- Born Zvi Mosheh Skikne in Lithuania, British actor Laurence Harvey had only about a 25-year big-screen career before his death at age 45 in 1973, but in that time, he gave some memorable

film performances. You'll see 12 of them during his first SUTS celebration in a lineup that includes the iconic 1962 Cold War thriller The Manchurian Candidate.

Raquel Welch (Aug. 16) - The breathtaking beauty and talent of Jo Raguel Teiada – better known as Raquel Welch - will be on full display when she gets her first SUTS daylong celebration of films. Among the 12 titles are One

Million Years B.C., the 1966 prehistoric adventure that made Welch a pinup favorite thanks to her legendary deerskin bikini.

Jacqueline Bisset (Aug. 24)

- The lovely and talented British star makes her SUTS debut with a day featuring 12 of her movies, including the Steve McQueen-led action classic Bullitt (1968) and The Deep (1977), an adventure

film costarring Nick Nolte and Robert Shaw.

Gilbert Roland (Aug. 25) -When Mexican-born Luis Antonio Dámaso de Alonso found his way to Hollywood in his late teens and began appearing as an extra in silent films, he chose his screen name - Gilbert Roland - by

combining the names of his favorite actors, John Gilbert and Ruth Roland. He gets his first SUTS salute this month, with a 14-movie lineup that includes two Westerns featuring Roland's famous portrayal of the Cisco Kid - Beauty and the Bandit (1946) and Robin Hood of Monterey (1947) both making their TCM premieres.

Other SUTS First-Timers

Ruth Roman (Aug. 4) Jack Carson (Aug. 30)

SNAKE IN THE GRASS

In Snake in the Grass (premiering Monday on USA Network), fan-favorite reality competition legends from Survivor, Big Brother and Naked and Afraid will be among those competing in this real-life psychological thriller set in the Central American jungle. Each episode features four players who are dropped into the wild for 36 hours with a chance to win \$100,000. In order to win, the four must figure out which one of them is the Snake, who is secretly undermining the group every step of the way. If the three players can successfully reveal the identity, they will win the \$100,000. If they get it wrong, the Snake walks

away with all the money for themselves. TV personality Bobby Bones is host of the series. Two episodes feature somewhat of an all-star cast, with Survivor's Malcolm, Yul and Earl working with Naked and Afraid's Jeff in one episode, and Big Brother's Rachel and Jenelle competing with Survivor's Stephenie and Cirie in another.

5 QUESTIONS with ...

airs Mondays on Bravo (new episodes drop one week early on Peacock). Joining her crew for another season is fan favorite Mzi "Zee" Dempers. Despite being held up in quarantine, Zee is back as a deckhand on a new boat and new charter along the Malta coast, helping manage character guests, dealing with roller-coaster "boatmances" and having to decide what is most important: old friend allegiances or his career growth. We caught up with him while on break at his South Africa home.

- 1 What is the best perk about being on the show and just having a yachting career in general? The best sort of perk about being within yachting is you get to travel the world; you get to experience different cultures and meet different people. And I think to me personally, I've always placed learning about other people as one of my main priorities in education. So that sort of education, you won't get it in school and it really helps you grow as a person. That's what's been super, super beautiful, just in terms of seeing the places that you never thought you'd be able to see and experience the different cultures that you never thought you'd be able to experience.
- 2. What was the most difficult part of this season? One of the most difficult things was adjusting to a new crew, just because obviously last year we had such an amazing relationship and such an amazing team - minus here and there. So I think you place everything sort of on a pedestal going into it in terms of what you've experienced before. Obviously, some things are never going to be exactly the same. And just getting into that sort of groove of things, I think, was probably one of the more difficult parts.
- 3. Capt. Sandy always stresses the safety aspects of her guests and the boat. Are there ever moments where you're scared? Yeah, there definitely were moments where I was scared, but not in terms of the onus of responsibility, but just the actual boat itself. There were lots of difficulties with the boat this season. It was a new build and very electronic. So yeah, a lot of issues.
- When you're not working on a charter, what do you do in your off time? For the past couple of months, I've been back in Cape Town, starting courses and sort of trying to get back into going overseas, as I'm doing that next month. Downtime is hanging with friends, playing some golf and just taking life for what it is and appreciating where you are right now. Being at home really is special to me.
- ▶ If you could pick your three favorite movies of all time, what would those be? Django Unchained. Definitely up there. Step Brothers is up there. And I think Top Gun. I haven't seen the new one yet, but I absolutely loved the old one.

Viva Las Vegas

5 pm on TCM

The channel's annual monthlong Summer Under the Stars programming event kicks off today, beginning with a tribute to Elvis Presley. In this 1964 musical — widely considered one of the singer-actor's best movies — he plays driver Lucky Jackson, who comes to Sin City in search of money for a new engine and a win in the Las Vegas Grand Prix.

Flip to a Million

9 pm on HGTV

Series Premiere

Billed as "a real-estate experiment," this new six-episode series follows two house-flipping couples who are successful in their own markets and drops them into an unfamiliar city — Dallas, Texas — to test whether, in the world of real estate, it's possible to start out with a limited budget of \$1,000 and turn it into a fortune.

Industry

9 pm on HBO

Season Premiere

Season 2 of this drama picks up the action a year after the height of the coronavirus pandemic, as Pierpoint & Co.'s corporate executives issue a "back to work or else" mandate for members of its workforce. As the market roils with unrest, the young bankers know it's time for them to deliver on the promise they showed in the freshman season.

Snake in the Grass 11 pm on SYFY, USA

Series Premiere

Bobby Bones hosts this new game show and social experiment, in which each episode features four players dropped into the wild for 36 hours. They have a chance to win \$100,000, but to do so, each foursome must figure out which of them is the Snake, a saboteur who secretly is undermining the rest of the group each step of the way.

Ovation TV's new race-against-time thriller series Red **Election** will premiere Saturday, August 6 at 7 PM ET. Episodes will also be available on demand and on the Ovation NOW app. Set in London, in an alternate version of the present day, British Intelligence Agent, Beatrice Ogilvy (Lydia Leonard), witnesses a deadly chemical attack on a Russian informant she was working with. Just before the informant's untimely demise, he tries to warn her about an imminent terror attack on British soil. Beatrice is left with only clue, codename: REDBACK. Meanwhile, another Secret Service Agent named Katrine Poulson (Victoria Carmen Sonne) discovers that her boyfriend, who works for a bio-chemical corporation in Scotland, has gone missing. They don't know it yet, but these two women's paths are about to collide. All this is happening against a backdrop of simmering international tensions, where the newly elected Prime Minister announces a referendum to decide the future of Scotland in the United Kingdom. Will order and the safety of the U.K. prevail?

NBC will offer us an A-list lineup for its *Password* revival, with a 2-night premiere event on Tuesday, August 9 at 10 PM ET/PT and Wednesday, August 10 at 9 PM ET/PT. The series stars Jimmy Fallon and is hosted by Keke Palmer. Episodes will feature Yvette Nicole Brown, Tony Hale, Jon Hamm, Chelsea Handler, Heidi Klum, Joel McHale, Chrissy Metz, Martin Short, J.B. Smoove and Meghan Trainor. In each of the hour-long episodes, a celebrity and Fallon will pair up with contestants over two games. Players from each team guess a secret password using only one-word clues, in an effort to take home up to \$25,000.

Food Network will premiere its new series *It's CompliPlated* on Thursday, August 11 at 10 PM ET/PT, also available on **Discovery+**. Hosted by vegan foodie Tabitha Brown, chefs must satisfy the most particular of palates. It has never been harder to make one meal to satisfy all the people at the dining table. In each episode, four chefs compete in three rounds of cooking challenges to create dishes that will please judge Maneet Chauhan and a rotating panel of guest judges, each with a very particular palate and tricky food requirements.

More weapons means hope for Lawrence, Jags in 2022

With Year 2 of the Trevor Lawrence era on the horizon in Jacksonville, it's time for a check-in on the Jaguars' franchise quarterback.

The verdict? Well, let's just say the Jags' prized No. 1 overall 2021 draft pick is a work in progress.

His numbers in his rookie season weren't terrible but not great either. He connected on 359 of 602 passes (a 59.6 percent completion rate) for 3,641 yards, 12 touchdowns and 17 interceptions for a pedestrian 71.9 rating. Now, given that he was a rookie on a team with scant few weapons, one has to take these stats with a grain of salt or two, especially since he also exhibited the poise of a seasoned pro throughout the Jags' 3-14 2021 campaign.

This offseason, the Jags signed wide receivers Christian Kirk and Zay Jones and tight end Evan Engram, and in the draft, they selected Snoop Conner in the fifth round. Furthermore, running back Travis Etienne, another 2021 first rounder, will be returning from an injuryshortened rookie year. So 2022 could turn out to be a breakout year for Lawrence and the Jags' offense.

It will make its first appearance Thursday, Aug. 4, when the Jags kick off the 2022 NFL preseason against the Las Vegas Raiders in the Pro Football Hall of Fame Game, which NBC will broadcast from Tom Benson Hall of Fame Stadium in Canton, Ohio.

THE WEEK IN SOAPS

Will Monte Carlo Be The Backdrop For Steffy And Finn's "Bold And Beautiful" Reunion?

Whoever said the first year of marriage is the hardest never met *The Bold and the Beautiful*'s Dr. John "Finn" Finnegan (Tanner Novlan) and Steffy Forrester Finnegan (Jacqueline MacInnes Wood). The groom appeared to have died after being shot by his biological mother Sheila Carter (Kimberlin Brown) a few months ago. In true soap opera style, viewers learned that he'd managed to cling to life. Alas, Finn's bride Steffy has been

mourning her husband's "death" while abroad.

Recently, *B&B* traveled to Monte Carlo for a TV festival (the CBS sudser is one of the most popular series internationally). Did the show take advantage of being in the beautiful locale to tape Steffy and Finn's anticipated reunion?

"You may think you know what's coming, but there are a lot of twists along the way," Novlan tells *TV Weekly*. "I think viewers see where things are headed with this trip to Monaco, but everyone will be surprised how this shakes out."

Novlan's trip abroad was more than doing promotion and shooting scenes. He says he got some nice bonding time in with his costars. "I

was able to connect a bit deeper with Thorsten [Kaye, Ridge], Krista [Allen, Taylor], Jacqui and Brad [Bell, executive producer/head writer]. Also, it was great to see the fans of the show and meet some of our international audience."

B&B has kept viewers on the edge of their seats with Novlan's current storyline. It began when Finn stepped in front of a bullet Sheila meant for Steffy and collapsed onto some garbage bags in the alley of II Giardino in slow motion. The show also broke out the sad music for the "death" scene so it truly appeared Finn was a goner! One person who didn't see that scene was Novlan's mother, a longtime *B&B* fan (the family dog is named Thorne!), who understandably couldn't bring herself to watch Finn's supposed death scene on the show. To preserve the integrity of the storyline, Novlan kept mum on the fact that his character was getting the Lazarus treatment. But he went on social media to check out the response.

"It meant a lot to me to see hashtags in support of my character after he 'died," Novlan shares. "To see the impact that I'd made on the show made me feel great. I really like working on the show and with everyone, especially Jacqueline. Steffy and Finn have a more mature relationship than what she's had in the past. The fans have responded to that."

Finn's resurrection has set the stage for Steffy to have happiness in her life once more. The Monte Carlo shoot, Novlan previews, "is going to be wild and epic. The location is so beautiful." Additionally, the good doctor's return has lured one very important lapsed viewer back to the program. "My mom's back watching now," Novlan chuckles. "She's hoping to see a [Finn/Steffy] reunion."

HOROSCOPES BY YASMIN BOLAND

ARIES (March 21 - April 19) Push could be coming to shove over a financial matter this week. Remember that you will always do better in life, financially or otherwise, if you can sort through disagreements while keeping everyone on your side. Losing your cool this week could cost you more than usual, so tread carefully.

TAURUS (April 20 - May 20) There is so much goodness in your horoscope this week. To tap into it, you need to think good thoughts, say kind words and generally focus on all that is lovely. Otherwise you could find that your "raging bull" side comes out and you end up upsetting apple carts unintentionally.

GEMINI (May 21 - June 20) There are some tough energies around this week. You might be able to dodge them, but it's worth being prepared; so sort through any issues you have brewing. Focus on the ones that you actually don't want to talk about because they're the ones that like to keep you up at night.

CANCER (June 21 - July 22) There are issues related to a friendship or money bubbling up for you. Do try and resolve upsets before they completely spiral out of control. Don't be crabby and expect people to back off just because you're in a bad mood. Being charming will bring way more benefits than nipping at people.

LEO (July 23 - Aug. 22) You are in a new and improved cycle but sadly, this week, there could still be some dramas related to two very sensitive parts of your chart; your love and your career zones. Use all the lessons you've learned recently about "handling" yourself and others. Avoid roaring at people!

VIRGO (Aug. 23 - Sept. 22) It's a kind of angry week in many ways but you have an advantage over everyone else; the planet of communications, Mercury, is moving back into your sign. So you have the ability to talk yourself or anyone else into or out of anything. Communication is your key to success this week.

LIBRA (Sept. 23 - Oct. 22) Your great ability in this lifetime is to relate to people. However, to make the most of it, you have to master the art of getting out of your head and into your heart. Give it a go this week, if/when it feels like life is getting a little out of hand.

SCORPIO (Oct. 23 - Nov. 21) Expect fireworks in at least one relationship this week! Mars, the planet of anger and Uranus the planet of madness are colliding in your relationships zone. Any relationships with a short fuse need to be handled with care this week if you don't want everything blowing up in your face!

SAGITTARIUS (Nov. 22 - Dec. 21) This week it will be all too easy for you to slip out of that magnificent and mostly positive Sagittarian mindset. A repetitive task or someone you see pretty much daily could be challenging your ability to think positively. As soon as you end up wallowing in negativity, you lose.

CAPRICORN (Dec. 22 - Jan. 19) There are big tensions in the air and one of the planets involved is your ruler Saturn, therefore you're likely to feel it. Overall, what's under fire now is your ability to believe in yourself, even if and when things in your personal life don't feel like they're going your way.

AQUARIUS (Jan. 20 - Feb. 18) Last week brought a new moon in your love zone so you're into a new cycle regarding everyone in your life. Don't blow any great new relationship vibes this week by losing your temper or giving into the desire to give someone a lecture. Be especially careful at home and with family.

PISCES (Feb. 19 - March 20) This could be a rather tricky week for a lot of the signs but you could come out the other end of it in better shape than you started. The trick is for you to focus on what inspires you; personally and professionally. Seek out people and work situations which uplift you. Ignore haters/naysayers.

ASK MAT

WHERE **ARE ALL THE NEW** SHOWS?

@TVGMMattRoush

Question: What's with all the game shows on the networks this summer? Not one new scripted show. There's so much more on streaming sites. -Alan R

Matt Roush: In recent years, any attempt by the networks to launch a scripted summer series, comedy, or drama, has been met mostly with a shrug and disastrous ratings. Fox had originally planned to return its moderately successful reboot of Fantasy Island this summer, but moved it to midseason instead, ensuring there would be nothing but forgettable game shows and reality contests to fill the void between seasons. I'm not against a good game show – I'm glad to have *The* \$100,000 Pyramid back, for instance – but a constant flow of these shows is dispiriting and no doubt driving more and more viewers to streaming as an alternative. Which will likely lead the companies to continue favoring their streaming platforms over the old-school networks when it comes to providing interesting programming.

Question: Do you think *The* Endgame will be picked up by a streaming service? -B

Matt Roush: The eternal question. And the usual answer: Probably not. With only one short season under its belt, it's doubtful this show (produced and distributed by NBCUniversal) would find an eager buyer elsewhere.

Scientific Discovery Stuns Doctors

Biblical Bush Shuts Down Joint Discomfort in 5 Days

Amazing plant "prescription" gives new life to old joints without clobbering you. So safe you can take it every day without worry.

According to the Centers for Disease Control and Prevention, more than 54 million Americans are suffering from joint discomfort.

This epidemic rise in aching joints has led to a search for alternative treatments—as many sufferers want relief without the harmful side effects of conventional "solutions."

Leading the way from nature's pharmacy is the new "King of Oils" that pioneering Florida MD and anti-aging specialist Dr. Al Sears calls "the most significant breakthrough I've ever found for easing joint discomfort.

Biblical scholars treasured this "holy oil." Ancient healers valued it more than gold for its medicinal properties. Marco Polo prized it as he blazed the Silk Road. And Ayurvedic practitioners, to this day, rely on it for healing and detoxification.

Yet what really caught Dr. Sears' attention is how modern medical findings now prove this "King of Oils" can powerfully...

Deactivate 400 Agony-Causing Genes

If you want genuine, long-lasting relief for joint discomfort, you must address inflammation. Too much inflammation will wreak havoc on joints, break down cartilage and cause unending discomfort. This is why so many natural joint relief solutions try to stop one of the main inflammatory genes called COX-2.

But the truth is, there are hundreds of agony-causing genes like COX-2, 5-LOX, iNOS, TNK, Interleukin 1,6,8 and many more—and stopping just one of them won't give you all the relief you need.

Doctors and scientists now confirm the "King of Oils"—Indian Frankincense—deactivates not one but 400 agony-causing genes. It does so by shutting down the inflamma-tion command center called Nuclear Factor

NK-Kappa B is like a switch that can turn 400 inflammatory genes "on" or "off." A study in Journal of Food Lipids reports that Indian Frankincense powerfully deactivates NF-Kappa B. This journal adds that Indian Frankincense is "so powerful it shuts down the pathway triggering aching joints.'

Relief That's 10 Times Faster... and in Just 5 Days

BEFORE Creaky. aching knee

tions but say they work too slowly. Take the best-seller glucosamine. Good as it is, the National Institutes of Health reports that glucosamine takes as long as eight weeks to

Yet in a study published in the International Journal of Medical Sciences, 60 patients with stiff knees took 100 mg of Indian Frankincense or a placebo daily for 30 days. Remarkably, Indian Frankincense "significantly improved joint function and relieved discomfort in as early as five days." That's relief that is 10 times faster than glucosamine.

78% Better Relief Than the Most Popular Joint Solution

In another study, people suffering from discomfort took a formula containing Indian Frankincense and another natural substance or a popular man-made joint solution every day for 12 weeks.

The results? Stunning! At the end of the study, 64% of those taking the Indian Frankincense formula saw their joint discomfort go from moderate or severe to mild or no discomfort. Only 28% of those taking the placebo got the relief they wanted. So Indian Frankincense delivered relief at a 78% better clip than the popular man-made formula.

In addition, in a randomized, double blind, placebo controlled study, patients suffering from knee discomfort took Indian Frankincense or a placebo daily for eight weeks. Then the groups switched and got the opposite intervention. Every one of the patients taking Indian Frankincense got relief. That's a 100% success rate—numbers unseen by typical solutions.

In addition, BMJ (formerly the British Many joint sufferers prefer natural solu- Medical Journal) reports that Indian Frank-

incense is safe for joint relief — so safe and natural you can take it every day.

Because of clinically proven results like this, Dr. Sears has made Indian Frankincense the centerpiece of a new natural joint relief formula called **Mobilify**.
